

BMW 5-Series 1989-1995

This Bentley Manual is the only comprehensive, single source of service information and specifications available for BMW 5-Series (E28) cars from 1989-1995. The aim throughout this manual has been simplicity, clarity and completeness, with practical explanations, step-by-step procedures, and accurate specifications. Whether you're a professional or a do-it-yourself BMW owner, this manual will help you understand, care for, and repair your 5-Series car.

Though the do-it-yourself BMW owner will find this manual indispensable as a source of detailed maintenance and repair information, the BMW owner who has no intention of working on his or her car will find that reading and owning this manual will make it possible to discuss repairs more intelligently with a professional technician.

See how to perform routine maintenance procedures, such as resetting the service indicator light. 020 Maintenance Program, page 020-2
