Measuring History S. G. Grant,2009-03-01 Measuring History complements the cases presented in Wise Social Studies Practices Yeager Davis 2005 Yeager and Davis highlight the rich and ambitious teaching that can occur in the broad context of state level testing In this book the chapter authors and I bring the particular state history tests more to the fore and examine how teachers are responding to them At the heart of Measuring History are cases of classroom teachers in seven states Florida Kentucky Michigan New York Texas Mississippi and Virginia where new social studies standards and new and generally high stakes state level history tests are prominent In these chapters the authors describe and analyze the state s testing efforts and how those efforts are being interpreted in the context of classroom practice The results both support and challenge prevailing views on the efficacy of testing as a vehicle for educational reform Catherine Horn University of Houston and I lay the groundwork for the case studies through a set of introductory chapters that examine the current environment the research literature and the technical qualities of history tests *El-Hi Textbooks and Serials in Print* ,2006 New Directions in Assessing Historical Thinking Kadriye Ercikan,Peter Seixas,2015-02-20 New technologies have radically transformed our relationship to information in general and to little bits of information in particular The assessment of history learning which for a century has valued those little bits as the centerpiece of its practice now faces not only an unprecedented glut but a disconnect with what is valued in history education More complex processes historical thinking historical consciousness or historical sense making demand more complex assessments At the same time advances in scholarship on assessment open up new possibilities For this volume Kadriye Ercikan and Peter Seixas have assembled an

international array of experts who have collectively moved the fields of history education and assessment forward Their various approaches negotiate the sometimes conflicting demands of theoretical sophistication empirically demonstrated validity and practical efficiency Key issues include articulating the cognitive goals of history education the relationship between content and procedural knowledge the impact of students language literacy on history assessments and methods of validation in both large scale and classroom assessments New Directions in Assessing Historical Thinking is a critical research oriented resource that will advance the conceptualization design and validation of the next generation of history assessments
