Cawelti Award for Best Textbook Primer. How did you decide what to wear today? Did you base your selection on comfort or style? Did you want to blend in or stand out or was it just the cleanest outfit available? We each make these decisions every day, reflecting how we view ourselves and impacting how others see us. Our choices matter not just to us personally but also to the magazine editors, brand ambassadors, and trend forecasters who make a living by selling to us. *Communicating Fashion* introduces key concepts from the intersecting worlds of fashion and communication studies to connect how we all use clothing to express ourselves and how media systems support that process. In doing so, Myles Ethan Lascity explores social, cultural, and ethical issues through the work of fashion journalism, brand promotions, and the growing role of online influencers, as well as the impact of film, television, and art on self-image and expression. Key topics: Advertising, Branding, and Fashion Retail; Clothing Art and Cultural Significance; Clothing as Group and Cultural Norms; Clothing Identity and Interpersonal Communication; Fashion News and Tastemaking; Fashion Social Media and Influencers; Meaning within the Fashion System; On-screen Clothing. **Digital China** Jessica Imbach, 2025-10-01. Over the past decade, digital technologies have profoundly reshaped the Chinese cultural landscape. With a focus on the creative agency of new media and online communities, this volume examines this development through the notion of the Sinocybersphere: the networked spaces across the globe that not only operate on the Chinese script but also imaginatively negotiate the meanings of Chinese culture in the digital age. Instead of asking what makes the internet or new media Chinese, the chapters situate contemporary entanglements of cultural and digital practices within specific historical, social, and discursive contexts. Covering topics as diverse as live streaming, AI poetry, online literature, poetry memes, cyberpunk fiction, virtual art exhibitions, cooking videos, censorship, and viral translations, the collection as a whole not only engages with a wide range of Chinese new media phenomena but also demonstrates their relevance to our understanding of contemporary digital culture. The Little Guide to Louis Vuitton Orange Hippo!, 2023-10-12. For over 150 years, Louis Vuitton's monogrammed bags have been associated with style and luxury. Born in 1821, he had left home at 13 to seek his fortune in Paris, where he became an apprentice box maker, which eventually led him to introductions at the French Royal Court. With royal endorsement, Louis opened his first workshop in 1854, where his skills and innovations established his brand as one of Europe's most popular. Passing his passion for crafting beautiful luggage onto his son Georges and later his grandson Gaston Louis, they ensured the company continued to grow, surviving two world wars to become the luxury brand it's renowned for. Louis Vuitton stores opened in cities throughout the world and expanded into other high-end brands. The merger in 1987 with M&H Hennessy created the megabrand LVMH, and in 1997 the appointment of Marc Jacobs launched Louis Vuitton into the world of fashion. The Louis Vuitton woman is more about a quality within some women that needs to come forward.
