

Continuous Problem – City of Monroe

Instructions Examination of Accounts, Not Governmental, and Non-Fund Financial Statements Part 1 of 2 Steps

Chapters 2 through 8 describe accounting and financial reporting for state and local governments. A performance problem is presented to provide an overview of the reporting process, including preparation of fund-level and government-wide statements. The problem assumes the government is using fund accounting for its internal financial reporting and then it uses and makes necessary adjustments to prepare the government-wide statements. The problem that follows is provided in the same order as the textbook (consequently, Chapters 9 and 10).

Step 1 of the problem requires the preparation of journal entries to record the events and transactions of governmental operations in fiduciary funds. For the General Fund, use control accounts for the budgetary accounts, revenues, expenditures and encumbrances. For all other funds, use separate accounts for each type of revenue and expenditure/expense. An appropriate usage, preparation of the fund and government-wide statements are required. The following funds are included in this series of problems.

Governmental Funds

- General
- Special revenue – Bond and Highway Fund
- Capital projects – City Hall Modern Construction Fund
- Debt service – City Hall Modern Debt Interest Fund
- Debt service – City Hall Debt Interest Fund

Proprietary Funds

- Internal service – Fleet and Services Fund
- Enterprise – Gas and Sewer Fund

Trusts Funds

- Private pension – Student Scholarship Fund
- Pension fund – Fire and Police Retirement Fund

Chapters 9-10 - 4

The Balance Sheet of the General Fund and the Bond and Highway Fund of the City of Monroe as of December 31, 2014, follows. These beginning balances have been entered in the proper general ledger accounts, as of 1/1/2015.
