City Of Sydney Rsl Anzac Day:

ANZAC Day, 2000 Gallipoli Jenny Macleod, 2015-07-23 The British led Mediterranean Expeditionary Force that attacked the Ottoman Empire at Gallipoli in 1915 was a multi national affair including Australian New Zealand Irish French and Indian soldiers Ultimately a failure the campaign ended with the withdrawal of the Allied forces after less than nine months and the unexpected victory of the Ottoman armies and their German allies In Britain the campaign led to the removal of Churchill from his post as First Lord of the Admiralty and the abandonment of the plan to attack Germany via its soft underbelly in the East Thereafter it was largely forgotten on a national level commemorated only in specific localities linked to the campaign In post war Turkey by contrast the memory of Gallipoli played an important role in the formation of a Turkish national identity celebrating both the ordinary soldier and the genius of the republic's first president Mustafa Kemal The campaign served a similarly important formative role in both Australia and New Zealand where it is commemorated annually on Anzac Day For the southern Irish meanwhile the bitter memory of service for the King in a botched campaign was forgotten for decades Shaped initially by the imperatives of war time and the needs of the grief stricken and the bereft the memory of Gallipoli has been re made time and again over the last century For the Turks an inspirational victory for many on the Allied side a glorious and romantic defeat for others still an episode best forgotten Gallipoli has meant different things to different people serving by turns as an occasion of sincere and heartfelt sorrow an opportunity for separatist and feminist protest and a formative influence in the forging of national identities Observing Australia Ken Inglis, 2013-04-18 Ken Inglis is one of Australia's most admired and warmly regarded historians For forty years he has looked with a sharp but sympathetic eye at how we came to be who we are Written with style and wit *Observing Australia* is a collection of his short pieces They come from many sources for Inglis's engagement in our continuing conversation about Australian life has always been expressed through the mainstream press as well as in scholarly journals and his books Of those books *The Stuart Case* related how the life of an Aboriginal man wrongly condemned to death was saved while Australian Colonists set a new path for Australian social history Later came Inglis's penetrating history of the ABC and his role as a creator of the massive bicentennial history *Australians A Historical Library* and his recent multi award winning *Sacred Places War Memorials in the Australian Landscape* This collection reflects the breadth of Inglis's interests the making and remaking of Australian nationality war memory and ritual the lives of colleagues such as Manning Clark and Stephen Murray Smith religion multiculturalism and finding the right word *Defending Country* Noah Riseman, Richard Trembath, 2016-03-23 The role of Aboriginal servicemen and women has only recently been brought to the forefront of conversation about Australia's war history This important book makes a key contribution to recording the role played by Indigenous Australians in our recent military history Written by two respected historians and based on a substantial number of interviews with Indigenous war veterans who have hitherto been without a voice it combines the best of social and military history in one book This will be

the first book to focus on this previously neglected part of Australian social history *New South Wales & the ACT* Jon Murray, 1994 Journal of the Royal Australian Historical Society Royal Australian Historical Society, 2003 Includes the Society's Annual report and statement of accounts The Other Side of Sydney Zena L. Polin, Stephen G. Gatwart, Polin, 1996 A special guide to the real Sydney written by veteran Sydneysiders *Sacred Places* K. S. Inglis, Jan Brazier, 2008 Memorials to Australian participation in wars abound in our landscape From Melbourne's huge Shrine of Remembrance to the modest marble soldier obelisk or memorial hall in suburb and country town they mourn and honour Australians who have served and died for their country Surprisingly they have largely escaped scrutiny Ken Inglis argues that the imagery rituals and rhetoric generated around memorials constitute a civil religion a cult of ANZAC Sacred Places traces three elements which converged to create the cult the special place of war in the European mind when nationalism was at its zenith the colonial condition and the death of so many young men in distant battle which impelled the bereaved to make substitutes for the graves of which history had deprived them The war memorial movement attracted conflict as well as commitment Inglis looks at uneasy acceptance even rejection of the cult by socialists pacifists feminists and some Christians and at its virtual exclusion of Aborigines He suggests that between 1918 and 1939 the making dedication and use of memorials enhanced the power of the right in Australian public life Finally he examines a paradox Why as Australia's wars recede in public and private memory and as a once British Australia becomes multicultural have the memorials and what they stand for become more cherished than ever Sacred Places spans war religion politics language and the visual arts Ken Inglis has distilled new cultural understandings from a familiar landscape *Australian National Bibliography*, 1978 **Pride in Defence** Noah Riseman, Shirleene Robinson, 2020-11-03 Since the Second World War the Australian military has undergone remarkable transformations in the way it has treated lesbian gay bisexual transgender and intersex service members it has shifted from persecuting hunting and discharging LGBTI members to embracing them as valued members who enhance the Force's capabilities LGBTI people have served in the Australian military since its very beginnings yet Australian Defence Force histories have been very slow to recognise this Pride in Defence confronts that silence It charts the changing policies and practices of the ADF illuminating the experiences of LGBTI members in what was often a hostile institution Drawing on over 140 interviews and previously unexamined documents Pride in Defence features accounts of secret romances police surveillance and traumatic discharges At its centre are the courageous LGBTI members who served their country in the face of systemic prejudice In doing so they showed the power of diversity and challenged the ADF to make it a far stronger institution Australasian Bandsman, 1961 **United service journal.
