Thompson,2017-09-11 The GCC is a major player in the post 2011 reordering of the Middle East Despite the rise in prominence of individual Gulf states especially Kuwait Qatar Saudi Arabia and the United Arab Emirates and the growth of the GCC as a collective entity surprisingly little attention has been paid to the actual mechanics of policy making in the region This book analyses the vital role that institutions are coming to play in shaping policy in the Gulf Arab states The research coincides with two key developments that have given institutions new importance in the policy process the emergence of a new generation of leaders in the Gulf and the era of low oil prices Both developments along with dramatic demographic change have compelled state and citizens to re evaluate the nature of the social contract that binds them together Contributors assess the changing relationship between state and citizen and evaluate the role that formal and informal institutions play in mediating such change and informing policy The book shows how academic social and economic institutions are responding to the increasingly complex process of decision making where citizens demand better services and further empowerment and states are obliged to seek wider counsel although wanting to retain ultimate authority With contributions from both academics and practitioners this book will be highly relevant for researchers and policymakers alike **Minerals Yearbook 2012** Department of Interior,2016-12-15 This volume covering metals and minerals contains chapters on approximately 90 commodities In addition this volume has chapters on mining and quarrying trends and on statistical surveying methods used by Minerals Information plus a statistical summary Staff and contractors working for mining companies companies that use export import certain minerals and metals geologists and members of the general public interested in the properties and federal rules governing the definitions and extraction use of minerals and metals Additionally economists and commodity investors or financial planners may be interested in this volume Related products Minerals and Metals collection can be found here <https://bookstore.gpo.gov/catalog/science/technology/minerals/metals> Mining Drilling resources collection is available here <https://bookstore.gpo.gov/catalog/science/technology/mining/drilling> Other printed volumes in the Mineral Yearbook series can be found here https://bookstore.gpo.gov/catalog/science/technology/minerals/metals/minerals_yearbook *Armed Conflict, Women and Climate Change* Jody M.
