SOUL BOND + SOULMATES DRAMIONE

The Binding

Curly_Kay

Summary:

"Okay, what we know so far," Hermione listed, "One, our magic is drawing us together. Two, we can use each other's wands. Three, there were actual sparks when you touched me."

After an infant binding ritual magically joins Hermione and Draco to counteract the Black family blood curse, they must navigate the secret binding through their years together at Hogwarts.

A Season For Setting Fires

mightbewriting

Summary:

Torture smells like spring.

Like daffodils and tulips and snowdrops. Like the bouquets brought inside from the manor gardens to lend their life to cold stone walls that house criminals. Easter mixed with madness makes sense in this twisted landscape; Draco's only chance at survival is to endure it. He knows this. But that doesn't quell the twitching in his calves, the flexing in his fingers.

Granger lifts her hand off the floor and Draco nearly loses his lunch, stomach churning as he watches her extend her arm, reaching through the translucent cord, reaching towards *him*. He tries to blink it away, *blink blink blink*, but both she and the cord are stubborn, persistent things.

[In which a soulmate bond appears while Hermione is tortured at Malfoy Manor. Canon divergent from that moment onward.]

A Game of High Stakes

In_Dreams

Summary:

In theory, the task is simple: kill Draco Malfoy. In practice, putting a curse through the Dark Lord's favoured lieutenant will take everything Hermione has—especially since he's trying to kill her, too. Even more so when the lines between them start to blur. Sometimes, the only way out is through.

Divination for Skeptics

olivieblake

Summary:

The latest in magical advancements is an enchantment that reveals the bearer's romantic compatibility with another person. Effectively eliminating uncertainty from dating, the charm can tell you whether or not you've found The One with a precise, Hermione Granger-approved calculation of traits and preferences. It's a foolproof method of predicting relationship happiness. It's also, for Hermione, positively dreadful news. Dramione, post-war, soulmate AU. COMPLETE.
