The Global Manager's Guide to Cultural Literacy Christine Uber Grosse, 2019-04-29 Global managers need to communicate and connect with many different cultures. The new language of business is cultural literacy which encompasses basic knowledge of business language culture and the local economy. This book provides a general overview and specific examples of cultural literacy. It will provide managers with a basic understanding of the business language culture and economy of seven countries in the G 20 including Brazil, Mexico and the US in the Americas, China and South Korea in Asia, and France and Germany in Europe. For global managers, knowing even the basics about a country's culture, language, and economy is invaluable for making connections, doing business, and communicating across cultures. Clearly, managers do not have time to learn the language of every country they visit. However, they can invest time to develop basic cultural literacy of the countries to which they travel. Cultural literacy gives them a baseline of knowledge to connect with customers, suppliers, and co-workers and shows respect for people and their culture. It also helps businesspeople find common ground on which to build business relationships. This volume offers business students and managers a quick introduction to language basics and cultural knowledge and familiarity with the business environment of seven countries. In addition, it provides a template for developing basic business language literacy and building business connections with people from other countries.

Rediscovering Travel Seth Kugel, 2018-11-13 A revolutionary philosophy for rookie and veteran travelers alike. Rediscovering Travel gets to the heart of why we travel. Matt Kepnes, Nomadic Matt, having captivated millions during his tenure as the New York Times's Frugal Traveler, Seth Kugel is one of our most internationally beloved travel writers. With the initial publication of Rediscovering Travel, he took the corporate modern travel industry to task, determined to reignite an age-old sense of adventure that has virtually been vanquished by the spontaneity-obliterating likes of Google Maps, TripAdvisor, and Starwood points. Now in travel-friendly paperback, this funny, inspiring, and well-crafted companion. Associated Press reveals how to make the most of new apps and other digital technologies without being shackled to them. Writing for the tight-belted tourists and the first-class flyer, the eager student and the comfort-seeking retiree, Kugel shows all readers not only where to look but how. Samantha Brown promises that we too can rediscover the joy of discovery. Travel is not about the destination but the experience. That's what makes it so appealing, so addictive, and that's what makes Rediscovering Travel so necessary.
