English Edition Japan, 1950 **The Constitution of English Literature** Michael Gardiner, 2013-07-18 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com In this extended essay Michael Gardiner examines the ideology of the discipline of English Literature in the light of the serious redefining work on England and Englishness that has been conducted in Political Studies in the last decade He argues that English Literature emerges from the development of the state and that consequently it has suppressed the idea of the nation His claim is that English Literature has lost its form since its methodology and canonicity depended so heavily on a constitutional form which can no longer be defended He calls upon those working in English Literature to recognise that they are not really participating in the same discipline defined by the Burkean constitutional settlement even if they think of themselves as writing within the canon His view is that a lack of appreciation of hard edged political factors have led to a continuant and regressive form of English Literature which tends to hang on to stifling methodologies In its place he appeals for the creation of a more open ended inclusive internationalist and comparative literature of England The Baby the Desert King Must Claim Lynne Graham, 2023-03-28 In this captivating desert romance from USA TODAY bestselling author Lynne Graham one night will turn Cinderella's world upside down He's ready to claim
