continents in the last so years Its main purpose is to document and inform rather than to critique Although I do not always hide my opinion I continue to act on the conviction that what we can learn from legislators is far more important than what they can learn from us PREFACE      **Codifying Choice of Law Around the World** Dean Symeon C.

Symeonides,2014-04-30 Codifying Choice of Law Around the World chronicles documents and celebrates the extraordinary massive codification of Private International Law PrIL or Conflict of Laws that has taken place in the last 50 years from 1962 2012 During this period the world has witnessed the adoption of nearly 200 PrIL codifications EU Regulations and international conventions more than in all preceding years since the inception of PrIL This book provides a horizontal comparison and discussion of these codifications and conventions first by comparing the way they resolve tort and contract conflicts and then by comparing the answers of these codifications to the fundamental philosophical and methodological dilemmas of PrIL In the process this book re examines and dispels certain widely held assumptions about choice of law and the art and science of codification in general Written by Symeon C Symeonides a renowned PrIL and comparative law expert with extensive first hand experience in drafting codifications and advising other drafters Codifying Choice of Law Around the World will serve as an indispensable point of reference for any serious study or discussion of PrIL and comparative law
