Custodial Cleaning Procedures Manual:

Comprehensive Custodial Training Manual William Ray Griffin, 1978-01-01 Custodial Methods and Procedures Manual, 1986-01-01 This manual presents practical methods and procedures to help school custodians ensure safe functioning facilities and to reflect the district's standards. The guide begins with brief discussions of custodial organization, staff relationships, and maintenance staff. The section Job Descriptions by Titles lists functions of custodial positions. Cleaning Procedures and Cleaning Methods are two sections devoted to effective times and techniques for cleaning building areas, problems common to most schools, for example, maintaining auditoriums and preparing wood floors for dancing are addressed. After discussing custodial equipment storage and care, the manual touches on preventive maintenance, safety precautions, fire prevention, energy use guidelines, personnel forms, and policy statements. CJH **Planning Guide for Maintaining School Facilities** Tom Szuba, 2003 **School Custodian Training Manual** Norvil Lester George, 1961 *Leadership in Managing Facilities* Richard P. Payant, DBA, CFM, CPE, 2023-02-28 About the Book Most facility management books provide information on planning, organizing, staffing, and controlling. This book is different. *Leadership in Managing Facilities* provides the same information in story form. The book focuses on real-life experiences, provides tips, and summarizes how to be successful in this profession. New facility managers should understand the organization's physical plant must operate efficiently, be capable of adapting to change, and operate in a cost-effective manner. Facilities must meet health, safety, and legal requirements. The appendices in this book provide examples of a facility manager's operating and management philosophy, format, and listing of the types of policies and procedures that FM departments should have as a minimum, and an example of Vision, Mission, Goals, and Objectives for an FM department. *Leadership in Managing Facilities* is written by a facility manager for practicing and aspiring facility managers, property managers, and public works directors. This book should be used as a companion book to other more technical FM books because it provides real-life examples. This is an FM book that should be in every facility manager's FM library. **Practitioner's Guide to School Business Management** John Greenhalgh, 1978 **Resources in education**, 1986-11 Basic Cleaning Procedures in Custodial/housekeeping Operations, 1989 **School Business Affairs**, 2001 **Procedure Manual for the Staff of the Milwaukee Public Library** Milwaukee Public Library, 1947 *Managing Housekeeping and Custodial Operations* Edwin B.
