WRITING A NOVEL

Writing a novel can be a long and difficult process. It can often be hard to know what steps to take. Below is an easy path to take when creating a novel.

Create characters, setting, & plot

Once you have an idea, create **detailed character sheets**, setting details, maps, and define your plot.

World Anvil is a great online tool for this!!

Write!

Write your novel straight through and don't go back to make changes! **Just WRITE!**

Rewrite a lot

Now, go back and **rewrite as much as you need**. Rewriting is a long process and it's up to you to decide when it's **perfect**.

Revise & edit

Revise & edit...on repeat. **Keep fixing up your novel** with the tips offered by your beta readers.

Have a Marketing Strategy

The best practice for this step is to **make your strategy while you're still writing your book**.

Perfect it here!

Market & Promote

Marketing & promotion is key for a successful book launch & sales! Make sure you stay on top of things!

Get inspired

The first step of any novel is to **get inspired**. Jot down book ideas in your journal, research ideas online, take part in **writing prompts**, etc.

Once you get an idea, **hone it**.

Make an Outline

Make an in depth outline, even going so far as to **outline every chapter and scene!**

Leave it alone

Leave your first draft alone for 3 days before going back to edit.

This will keep you from overediting or not editing enough.

Get Beta Readers

Reach out to people on social media or friends to read your book and **offer constructive criticism!**

Make a book cover

Once your book is done, **write a synopsis** and create a book cover. I like to use **Canva** for my covers.

Make sure you're adhering to your publishers guidelines!

Publish!

This is a tricky step for self-publishers, but places like **Ingram spark** make it easier!
