Readers' Guide to Periodical Literature

,1916 Author and subject index to a selected list of periodicals not included in the Readers guide and to composite books

Virtual History A. Martin Wainwright, 2019-06-28 Virtual History examines many of the most popular historical video

games released over the last decade and explores their portrayal of history The book looks at the motives and perspectives of game designers and marketers as well as the societal expectations addressed through contingency and determinism economics the environment culture ethnicity gender and violence Approaching videogames as a compelling art form that can simultaneously inform and mislead the book considers the historical accuracy of videogames while also exploring how they depict the underlying processes of history and highlighting their strengths as tools for understanding history The first survey of the historical content and approach of popular videogames designed with students in mind it argues that games can depict history and engage players with it in a useful way encouraging the reader to consider the games they play from a different perspective Supported by examples and screenshots that contextualize the discussion Virtual History is a useful resource for students of media and world history as well as those focusing on the portrayal of history through the medium of videogames
