Kühne,Liliana Dumitrache,2025-06-16 Landscape and food there is hardly a form of tourism that is not oriented towards one or the other often both As a result of this close connection our anthology explores the different facets of these links Drawing on the concepts of Touristscapes and Foodscapes an international group of authors provide theoretical considerations as well as overviews of larger spatial units and local and thematic case studies What the contributions have in common is their focus on a synthetic landscape view of the topics dealt with ranging from the investigation of post socialist material substrates for the development of current touristscapes and foodscapes to the touristic use of socialist heritage and phenomena of dark tourism to the development of gastronomic offers and their significance for the construction of identities but also the staging of places for social media contexts Contributions from authors particularly from the fields of geography economics and sociology highlight the diversity of perspectives on the rapidly developing research field of landscape food and tourism

Tourism in Iran Siamak Seyfi,C. Michael Hall,2018-10-11 Iran has long been regarded as an international pariah state in some parts of the international community However its negative image in many countries disguises its history of tourism and rich cultural and natural heritage Following the July 2015 nuclear deal and the reduction in sanctions Iran is focusing on

international tourism as a means to generate economic growth in addition to its substantial domestic tourism market Given the significance of tourism in the Middle East and in international politics as well as restrictions on international mobility this volume brings together the first contemporary collection of research on tourism in Iran Written by experts based both within and outside of Iran the chapters engage with a number of crucial issues including the importance of religion the role of women in society sustaining Iran s cultural heritage Iran s image and the resistive economy to provide a benchmark assessment of tourism and its potential future in a troubled political environment The book will undoubtedly be of interest not only to those readers who focus specifically on Iran but also those who seek a wider understanding of Iran s role in the region and how tourism is utilised as part of national and regional economic development policies *Condé Nast's Traveler* ,2003-07 **PC World** ,2004 *Travel & Leisure* ,2006 Fashion and Tourism Maria Gravari-Barbas,Nadzeja Sabatini,2023-12-14 Fashion and tourism have common structures and similarities on many fronts Both phenomena and their operations have been through their mass cycles currently seeking alternative ways of expression and development Both industries are also important business sectors globally *Searcher* ,2004 **The Atlantic Monthly** ,2008 *The Times Index* ,2007 Indexes the Times and its supplements The Advocate ,2009 **The New York Times Index** ,2006
