Don Juan And The Point Of Honor Seduction Patriarchal Society:

Don Juan and the Point of Honor James Mandrell,2010-11-01 In Don Juan and the Point of Honor James Mandrell undertakes a systematic examination of the many questions surrounding the legendary character What emerges is a view of Don Juan as a positive social force in patriarchal society and culture Mandrell shows that Don Juan should not be treated as an innocent or outmoded cultural artifact The Collected Writings of Franz Liszt Janita R. Hall-Swadley,2012-04-20 During his early years Franz Liszt worked as a traveling piano virtuoso his adventures highlighted by his entrance into the literary world as a correspondent for the most popular French journals of his time In this second volume of Janita Hall Swadley's The Collected Writings of Franz Liszt Liszt's work as a music essayist and journalist is on full display In his essays readers will see the influence of the revolutionary theories of Hugues Felicit Robert de Lamennais Victor Hugo and Francois Ren de Chateaubriand as Liszt boldly calls for social reforms on behalf of musicians and musical institutions from demands for a repertoire of church music of divine praise to the timely publication of inexpensive music editions In addition to Liszt's scandalous review of Sigismond Thalberg and the fiery exchange that ensued the essays include his testimonies to living composers Giacomo Meyerbeer and Robert Schumann and the recently deceased Niccol Paganini Alongside the essay this new translation of Liszt's letters opens a window onto the composer's immersion in the Italian countryside where he paints a portrait of a rich musical landscape Liszt regales his correspondents with amusing anecdotes at Sand's Italian country estate in Nohant describes the beautiful landscape and artistic treasures of Italy from his residence on Lake Como defends himself from Heinrich Heine's accusations of his ill seated character discusses the religious aesthetic of Raphael's painting and offers his thoughts on the interconnectedness of all the arts Including two complete facsimile reproductions of the existing manuscripts for De la situation des artistes and Sur Paganini propos de sa mort Essays and Letters of a Traveling Bachelor of Music is a must read for student and scholars of 19th century classical music **Crafting the Female Subject** Susan M. McKenna,2009 Susan McKenna presents the innovative narratives of Emilia Pardo Baz n Spain's preeminent nineteenth century female writer in Crafting the Female Subject **Modern Myths** David Bevan,2023-12-18 **The Foreign Woman in British Literature** Marilyn D. Button,Toni Reed,1999-11-30 While England has been strengthened by a proud isolationism she has simultaneously been enriched by the economic social and political complexities that have emerged as people of different ethnic and cultural backgrounds have moved within her borders or when her own citizens have emigrated among those foreigners to live or rule This book explores the foreign element in English culture and the attempt by English writers from the early 19th to the mid 20th century to portray their complex and often ambiguous responses to that doubly foreign element among them the foreign woman While being foreign may begin with national or ethnic difference the contributors to this book expand it to include other forms of alienation from a dominant culture resulting from gender race class ideology or temperament The many factors shaping English national identity including British imperialism immigration

patterns English family and social structures and English common law have been shaped by gender related issues Though not a prominent literary figure the foreign woman in England has received increasingly critical attention in recent years as a psychological and sociological phenomenon By beginning with Byron in the early 19th century and concluding with Lawrence Durrell in the 20th century this study contributes to a more comprehensive vision of the foreign woman as she is portrayed by a number of British authors including Shelley Wordsworth Charlotte Bront Elizabeth Barrett Browning Wilkie Collins George Eliot Joseph Conrad D H Lawrence and Anita Brookner

The Metamorphoses of Don Juan's Women Ann Davies, 2004 While many scholars have approached Don Juan in terms of myth this study argues for the understanding of Don Juan as a discourse of gender relations changing over time Using examples from the plays by Tirso de Molina Moliere Mozart Zorrilla Shaw and Frisch it argues that Don Juan's entire identity as a male individual is constructed around women but that over time reflecting a growing sense of crisis in the male individual the women appear more and more pathological in their desire for Don Juan In contrast with early modern works where women fend for themselves in a positive manner the heroines of later Don Juan works actively prey on the individual male This book argues that these changes in approach to the female characters and in tandem the developing identity of the male protagonist suggest Don Juan as dischronic discourse rather than myth

Byron's Don Juan and the Don Juan Legend Moyra Haslett,1997 This study is a contextual reading of Byron's epic poem *Don Juan* which argues that the importance of the *Don Juan* legend has been considerably underestimated Contemporary histories critical political theatrical and personal reveal that innocent or neutral readings of the poem were precluded by the figure's notoriety It demonstrates the invitation which the poem was seen to offer to specific categories of readership especially those of women and of the working classes and how their reading not only contributes to the meaning of the text but makes that reading inherently political The scope of the book includes other versions of the *Don Juan* legend It also engages throughout with a critique of traditional myth criticism using instead L vi Strauss's more inclusive definition of what constitutes a myth It considers those discourses which have spoken of the *Don Juan* legend philosophical psychoanalytical speech act and applies postmodernist and feminist theories to a consideration of both Byron's poem and the legend itself

The Poetics of Empire in the Indies James Nicolopoulos,2000 Nicolopoulos Spanish U of Texas Austin investigates the literary representation of 16th century colonialism by analyzing Alonso de Ercilla's *La Araucana* a narrative poem recounting the initial phases of the Spanish conquest of Chile and Luis de Camoens's *Os Lusíadas* an epic celebration of early Portuguese maritime expansion in and beyond the Indian Ocean He also looks at how they reveal poetic political and commercial rivalries between Spain and Portugal at the time Annotation copyrighted by Book News Inc Portland OR

customary to regard gender roles and representation in nineteenth century Spain as polarized and predictable But in this volume leading scholars from the UK and USA discuss not only patriarchal emphasis of Spanish culture but also demonstrate that this was a period in which relations between men and women were being constantly negotiated challenged and redefined as part of an on going transformation of political and national identities Contributions look at women s writing and the representation of women in canonical texts the construction of both femininity and masculinity issues of race and region and popular fiction journalism and the visual arts All quotations are given in Spanish and in English translation Lively challenging and theoretically sophisticated *Culture and Gender in Nineteenth Century Spain* provides a much needed overview of the Spanish cultural production in the most decisive of centuries **José de Zorrilla** Richard Andrew Cardwell,Ricardo Landeira,1993 **Acts of Fiction** Scott Carpenter,Scott Dominic Carpenter,1996 The idea that narrative operates as a symbolic resolution of realities that are undesirable uncontrollable or unbearable has gained considerable currency in fields as diverse as Marxist criticism and Lacanian psychoanalysis What has received less attention is that narratives largely lose their effectiveness when their symbolic nature is uncovered when the resolutions they offer are revealed to be merely symbolic *Acts of Fiction* demonstrates how narratives operate under cover negotiating problematic realities while masking their rhetorical strategies Scott Carpenter shows how the restructuring of society in postrevolutionary France 1795 1869 triggered a variety of narrative attempts to come to terms with social political and epistemological shifts While identifying four modes of writing in works by Sade Balzac Nerval and Baudelaire Carpenter studies the entanglements of literature and history demonstrating how narratives were used to re engineer the cultural imagination *Acts of Fiction* draws on popular culture iconography science philosophy and politics and is informed by a wide range of critics including Foucault Chambers Terdiman Jameson and Petrey **The Best Books for Academic Libraries** ,2002 Books recommended for undergraduate and college libraries listed by Library of Congress Classification Numbers **Transitional Discourses** Malcolm Kevin Read,1998
