Dyer, 2016-03-01 What I'm offering in this book is the awareness that we can return to a full time position of inspiration which is the true meaning of our life Dr Wayne W Dyer There's a voice in the Universe entreating us to remember our purpose our reason for being here now in this world of impermanence The voice whispers shouts and sings to us that this experience of being in form in space and time has meaning That voice belongs to inspiration which is within each and every one of us The feelings of emptiness the idea that there must be something more wondering Is this all there is and trying to determine the meaning of life this is all evidence of a yearning to reconnect with our soul space We're aching for our calling to be felt and expressed In *Living an Inspired Life* previously published under the title *Inspiration* Dr Wayne W Dyer explains how we've chosen to enter this world of particles and form From our place of origin in ways that we don't readily comprehend now we knew what we were coming here to accomplish and we participated in setting this life process in motion So why not think along these same lines Why put the responsibility or blame on any one or any thing that's not a part of us On Earth we have the capacity of volition we can choose so let's assume that we had the

same capacity when we resided in the spiritual realm We chose our physical body and we chose the parents we needed for the trip It doesn't seem too great a stretch to move into the idea that we chose this life in concert with our Source Inspiration can be cultivated and be a driving force throughout life rather than showing up every now and then and just as mysteriously disappearing seemingly independent of our desires Inspiration is for everyone It isn't reserved for high profile creative geniuses in the arts and sciences it's inherent in our Divine birthright The problem is that as children we're gradually taught to believe exclusively in the world of phenomena where ego is dominant and inspiration diminished As you read each chapter in this book you'll find specific suggestions for living in Spirit From a very personal viewpoint Wayne offers a blueprint through the world of inspiration your ultimate calling *F&S Index United States Annual*, 1999 Getting In the Gap Dr. Wayne W. Dyer, 2002-12-03 The practice of meditation takes us on a fabulous journey into the gap between our thoughts where all the advantages of a more peaceful stress free healthy and fatigue free life are available but which are simply side benefits The paramount reason for daily meditation is to get into the gap between our thoughts and make conscious contact with the creative energy of life itself Dr Wayne W Dyer explains the soul nourishing meditation technique for making conscious contact with God which the ancient masters have told us about You have the potential to be an instrument of the highest good for all concerned and to be a literal miracle worker in your own life No person government or religion can legitimately claim to do this for you In fact says Dr Dyer I agree with Carl Jung who said One of the main functions of formalized religion is to protect people against a direct experience of God When you master getting into the gap and staying there for prolonged segments of meditation and experience what you bring back to the material world you will know your answer to the question Why meditate **The Power of Intention** Dr. Wayne W. Dyer, 2005-12-15 Intention is generally viewed as a certain kind of determination propelling one to succeed at all costs by never giving up on an inner picture In this view an attitude that combines hard work with an indefatigable drive toward excellence is the way to succeed However intention is viewed very differently in this book Dr Wayne W Dyer has researched intention as a force in the universe that allows the act of creation to take place This book explores intention as something you do as an energy you're a part of We're all intended here through the invisible power of intention This is the first book to look at intention as a field of energy that you can access to begin co-creating your life with the power of intention Part I deals with the principles of intention offering true stories and examples on ways to make the connection Dr Dyer identifies the attributes of the all-creating universal mind of intention as creative kind loving beautiful expanding endlessly abundant and receptive explaining the importance of emulating this source of creativity In Part II Dr Dyer offers an intention guide with specific ways to apply the co-creating principles in daily life Part III is an exhilarating description of Dr Dyer's vision of a world in harmony with the universal mind of intention **Stop the Excuses** Wayne W. Dyer, 2009 In *Stop the Excuses* Dr Wayne W Dyer reveals how to change lifelong self-defeating thinking patterns that prevent you from living at the highest levels of success happiness and health You

may know what to think but find it terribly difficult to actually change thinking habits that have been with you since childhood People are forever using excuses and defending those excuse patterns as if they were actually true Such statements as It would be very difficult for me to change If I changed it would create family dramas I m too old young to change and I ve always been this way are all excuses that are used regularly without challenging the truth of these thinking habits When you eliminate excuses that explain your shortcomings or failures you ll awaken to your infinite possibilities
