YOU: The Owner's Manual Mehmet Oz, M.D., Michael F. Roizen, 2013-12-17 YOU The Owner's Manual by Mehmet Oz M.D. has descriptive copy which is not yet available from the Publisher **YOU: Being Beautiful** Michael F. Roizen, Mehmet Oz, 2008-11-11 Most people think that beauty revolves around such things as lipstick, sweet eyes or skinny jeans, all those things that we can see and obsess over in the mirror. But the fact is that beauty isn't some superficial pursuit and it's not some random act that you can thank or curse your ancestors for. There are in fact scientific standards to beauty. Beauty is purposeful because it's how humans have historically communicated who we are to potential mates. Beauty in fact is really about your health and happiness. In this groundbreaking book Dr. Michael F. Roizen and Dr. Mehmet C. Oz bust the myths and stereotypes about the way we view ourselves and how we define beauty. In these pages you'll find out why beauty isn't as much about your vanity as it is about your humanity. The doctors take a scientific, informative and entertaining look at the three levels of beauty and explain how they all work together to form a complete and authentic YOU. Those three levels of beauty are: Looking Beautiful. Your appearance influences your self-esteem and has major health implications. Here the docs will tell you how you can look the way you want. Feeling Beautiful. So what if you have luscious lips or gorgeous locks if your joints creak and you have the energy of a rug? The docs will tell you how to improve your energy levels, beat back your life-altering aches and pains and come to grips with some of life's toughest stresses. Being Beautiful. By improving your relationships with your loved ones as well as with others you'll be well on your way to finding true happiness. That's the ultimate goal. Having all three levels of beauty working together so you can have a happy and healthy life. You'll start off by taking the ultra-revealing and validated YOU Q Test to help you assess where you are on your own beauty scale and where you want to be. Take the test, see how well you do, then use the book to help you improve your score. With their usual candor and honesty, Dr. Roizen and Dr. Oz break down the mechanics of beauty and explain how little adjustments in your routine can help you become a happier, healthier person. You will learn about the biology of beauty, take YOU Tests to determine where you are on the beauty scale, get tons of YOU Tips to help you improve your life as well as learn the secrets of the Ultimate Beautiful Day. From hair to toenails, Dr. Roizen and Dr. Oz go through every part of your body to explain how different foods, vitamins, creams, gels and injections can really boost your looks. They scrutinize the beauty myths that bombard us every day and offer an unbiased perspective on which ones cause more harm than good. You will be able to revamp your beauty regimen or start a new one from scratch. They'll also take a close look at chronic pain, mood swings, low energy and financial stresses. And they'll dive into the science of building relationships, finding happiness and using spirituality to help you define your own levels of true beauty. Dr. Roizen and Dr. Oz act as tour guides navigating the tricky but exciting terrain of today's beauty industry.
