Dracula Into The Dark Of Night:

Dracula Into the Dark of Night Lyle Doux, 2014-12-18 Robert Miller was a lad of twenty four years he was a man of the world seasoned with a fine rounded ass and codpiece that poked out well enough to be noticed There he stood in those tight pants he was wearing as if a notice to all that he was available It was no wonder the young lady with him was drooling I too found him appealing I had noticed him while visiting London he was speaking at a medical school one evening and I d happened by chance to be lurking in the darkness searching for more than a lecture in medicine I had sent for him I wanted to complete several experiments I had developed in my laboratory At Castle Dracula and I was sure he d have the mind to complete them What use was medicine to me Count Dracula Except for the few fine doctors who d entered the profession they were no more to me than the dock worker offering up the same hearty delight themselves Robert stood in the window of the train as it pulled into the station Budapest seemed a wonderful place from the glimpse that he got of it from the train and the little he could walk through the streets He feared to go very far from the station as he had arrived late and would start as near the correct time as possible Even so the number of young inviting men roaming the platforms was more than even he could stand He stepped from the train to be greeted by a delightful young man who cupped his cock as he passed him He seemed pleased at his handful as he turned and smiled at Robert The train pulled from the station in great effort The impression he had was that he was leaving the West and entering the East the most western of splendid bridges over the Danube which is here of noble width and depth took him among the traditions of Turkish rule The train left in pretty good time and came after nightfall to Ladenburg Here Robert stopped for the night at the Hotel Maurice He had for dinner or rather supper a chicken done up some way with red pepper which was very good but dry He asked the waiter what the dish was called and he said it was called paprika handle and that as it was a national dish and he should be able to get it anywhere along the Carpathians He found his smattering of German very useful here indeed he don t know how he should be able to get on without it Happily the Germans are a friendly bunch and seem pleased at my trying to speak their language Having had some time at his disposal when in London Robert had visited the British Museum and made a search among the books and maps in the library regarding Transylvania

Cultures of Darkness Bryan D. Palmer, 2000-11 Constructing a rich tapestry of example and experience spanning eight centuries Palmer s fascinating account details lives of exclusion and challenge as the night travels of the transgressors clash repeatedly with the powerful

conventions of their times Nights of liberation and exhilarating desire are at the heart of this study but so too are the dangers cloaked in darkness Palmer reveals those hidden spaces where darkness concealed acts of brutalizing terror or alternately provided refuge solace or freedom Using the night as metaphor and unifying theme Palmer takes an unflinching look at those dissident or oppositional cultures and movements and shows how they were fueled and shaped by the rise and transformation of capitalism Book Jacket

The Gothic Peckinpah Tony Williams,2024-05-03 This book argues for the importance of Gothic in understanding one of the key elements within the films of Sam Peckinpah 1925 1984 Although occasionally noted in the past the Gothic has been generally overlooked when most critics consider the work of Sam Peckinpah with the exception of the Freudian based Crucified Heroes 1979 by Terence Butler This work not only examines the films made after that date especially the often dismissed The Osterman Weekend 1983 and the two music videos he made for Julian Lennon but also places the director within the context of the developing work on Gothic that has since appeared Peckinpah has been identified as the director of one undisputed masterpiece The Wild Bunch 1969 By focussing on the key role Gothic plays in most of the director s work this book offers a way to see Peckinpah beyond The Wild Bunch and the Western viewing him as a director who had the potential of evolving further had circumstances permitted to continue his critique of American life within the developing lens of the Gothic

In Darkness Waiting John Shirley,2013-10-07 No writer combines the delight in dread with social consciousness and metaphysical meaning the way John Shirley does Although In Darkness Waiting begins in much the same vein as many horror novels mysterious deaths a small town invaded by evil plucky attractive young lovers the logical level headed doctor some salt of the earth townsfolk by its end you will have discovered it is not just another horror novel With its exploration of the insect inside us all In Darkness Waiting proves more relevant today than ever Considering a read of In Darkness Waiting is like considering a trip through the Amazon with no weapons and no vaccinations and no shoes It s like contemplating a journey in the Arctic clad only in your underwear Or maybe it s more like dropping into one of those spelunker s challenges those chilling pitch black shafts into the Earth s crust and when you get down there your light burns out and you remember the chitinous fauna of the cavern Unlike undertaking those endeavors you can get through the harrowing pages of In Darkness Waiting alive although we are not promising you ll remain unscathed Towards the end you ll discover one of the most extreme yet literate passages ever written It may well be the most outr scene ever created But John Shirley wasn t after shock alone Shock is never enough for him

The Horror Film - Analysis of "Nosferatu" from 1922 and 1979 Lisa Jensen,2011-10 Seminar paper from the year 2010 in the subject English Language and Literature Studies Literature grade 2.0 University of Hannover Englisches Seminar course Film Analysis language English abstract Friedrich Wilhelm Murnau s Nosferatu Eine Symphonie des Grauens is a horror film

classic from 1922 In 1979 Werner Herzog produced a movie called *Nosferatu Phantom der Nacht* in which he used Murnau's direction ideas In this paper I first analyse and compare the influence of colours and lighting on the atmosphere in both movies Thereafter I point out the differences in atmosphere between the silent movie with background music and the film with diegetic sounds Finally I focus on some differences in cinematography and editing in order to find out how different techniques evoke different feelings in the viewer I do all this with the intention of proving that even though advanced filming techniques have improved the understanding of details in movies the genre of the horror film has not profited from the developments but in contrast runs the risk of appearing absurd or parodic **Los Angeles Saturday Night** ,1928
