

Diamond Nine Activity Teacher Guide

Diamond Nine activities are a great way for children to learn about the importance this game of different activities, resources and more.

Children are given two different scenarios and asked to place them in order of importance. The most important goes in the top of the diamond the least important at the bottom. The other scenarios go down the top to the bottom depending on the child's view of them.

Support the children that they haven't considered a scenario enough, write the scenario down, because this is their chance to say what is important to them.

Encourage the children to prioritise the first as it is right at the top and the bottom scenario is the least important.

The next step will be for children to share their ideas with the rest of the class. The children need to give reasons for their choice.

1. Place the diamond in the top right corner.

2. Place the diamond in the top right corner.

3. Place the diamond in the top right corner.
