Fix argues for a reformation in our assumptions about secrecy and transparency The world did not end because Julian Assange WikiLeaks and Edward Snowden released classified information But nor was there a significant political change Transparency has become a buzzword while secrecy is anathema Using a variety of real life examples to examine how government information actually flows Mark Fenster describes how the legal regime s tenuous control over state information belies both the promise and peril of transparency He challenges us to confront the implausibility of controlling government information and shows us how the contemporary obsession surrounding transparency and secrecy cannot radically change a state that is defined by so much more than information     **Mademoiselle** ,1995-04     Winning the Media Game Phil Ross Boynton,1989     **Crosscurrents** Mark Charlton,Paul Barker,1994     **Marketing** Gary M.
