[Yacht Were You Thinking?](#) Jonathan Evers, 2017-08-24 Naming a boat is as personal as naming a baby even if few male skippers would risk telling the wife that The culmination of many years of dreaming and penny pinching the purchase of a boat of any size is a huge event for any sailor and with that comes serious naming pressure Many boatowners have a secret fear that someone else got their brilliantly original name first or ruined it forever by reducing its reputation to snigger worthy opprobrium Sometimes it's so difficult to name a boat that skippers are desperate enough to ask the sorts of people who think Boaty McBoatface would be a good choice The perfect gift for any skipper or would be skipper and featuring hundreds of common and uncommon names this entertaining little book will answer perhaps the most important question new owners should ask themselves what will this name say about me And as everyone knows once you've named a boat you never ever change it so it also answers the question what is my boat name saying about me right now Names will be categorised and listed alphabetically within these chapters as to Populist helpfully yacht insurers release ranked lists of popular names each year which has revealed some very interesting trends Don't Even Go There they might be uncommon these days but sometimes there's a good reason for that Pun Intended some reveal a classic wit others reveal just how many desperate unfunny dullards there are sailing around in yachts called Seas the Day A Bit of Pedigree good names but probably too classy for you to get away with copying them Common as Muck bad names Moondancer Wave Catcher and others that sound like names from a bad children's novel where they come from why they're bad and how to avoid inventing another Too Much Information why using a boat to celebrate a bonus retirement divorce second wife tends to be a bad idea a few months down the road The Devil's Own don't tempt fate by calling your boat Invincible as the Royal Navy did each time the last one sank exploded plus other superstition violating names With fascinating history a fair bit of psychology and a lot of humour this is the essential guide for all would be boat owners and anyone looking for a dad type gift on Father's Day or

Christmas *Final Voyage* Jonathan Evers, 2013-01-01 Everyone knows the story of the Titanic but in terms of loss of life that catastrophe doesn't even figure as one of the 50 worst maritime disasters of the last three hundred years. The twentieth century was the age of the great ocean vessels capable of carrying thousands of passengers but it also became the age of unprecedented losses at sea. The causes of disaster are legion besides icebergs and enemy torpedoes ships have been sunk by fire, explosions, flooding, capsizing, storms, collisions and human error. Many of these disasters have been almost forgotten such as the loss of the Wilhelm Gustloff, the deadliest maritime disaster in history. 10,000 people died when the ship sank in the freezing Baltic, many of them trapped below decks in total darkness. Had they not been German civilians and had the ship not sunk in January 1945, maybe history would not have largely overlooked the catastrophe. This book tells the stories of the worst maritime disasters in history not simply in terms of lives lost but in how far reaching the effects of the disasters were. With disasters from all over the world these are stories of the people whether they lived or died as well as the ships. They are stories of tragedy, war, heroism and cowardice, greed and sacrifice. Only for the lucky few were they also stories of rescue and survival.
