

Histoire du droit et des institutions publiques

Pauthier Céline

(Cours moodle)

- histoire du droit... 2023
- Stéphane Rials, Que sais-je?

05/09/23

Naissance de la discipline:

- Discipline depuis 19e, sous napoléon, code civil,
- à Strasbourg, henri Klünrath année 1830-35, mv réflexion sur le droit
- l'apprendre sans comprendre les règles
- pas juste technique c'est une science
- projet d'une fac de droit former citoyens

II. Sources de la consti de la Fr, histoire des structures sociales, histoire de la forme politique de son gouvernement.

A. nature du dr politique

- ◆ production humaine = imparfait
- ◆ le produit d'une époque → s'intéresser à l'époque
- ◆ produit d'une idéologie (droit n'est pas neutre, pas apolitique), par exemple régime autocratique système droit spécifique, droit aussi autre social (droit travail, famille)
- ◆ pas origine du droit, comprendre enjeux des questions actuels
- ◆ = instrument d'un système comparatif (passé/présent)

A. étendue du dr politique

B. transmission "

Douze Leccedilons Sur Lhistoire

William Guynn

Douze Leccedilons Sur Lhistoire:

Douze leçons sur l'histoire Antoine Prost, 2014-10-02 Tout ce qu'il faut savoir sur l'histoire et le métier d'historien. En douze chapitres qui proviennent d'un cours donné à la Sorbonne, Antoine Prost démontre clairement les tapes de la méthode historique tout en replaçant l'histoire et l'historien dans la société contemporaine et dans sa profession. Cet ouvrage est la fois un traité d'initiation au travail de réflexion nourri par de amples lectures et une pensée originale.

History as a Kind of Writing Philippe Carrard, 2017-03-07 In academia the traditional role of the humanities is being questioned by the posts postmodernism poststructuralism and postfeminism which means that the project of writing history only grows more complex. In *History as a Kind of Writing*, scholar of French literature and culture Philippe Carrard speaks to this complexity by focusing the lens on the current state of French historiography. Carrard's work here is expansive, examining the conventions historians draw on to produce their texts and casting light on views put forward by literary theorists, theorists of history, and historians themselves. Ranging from discussions of lengthy dissertations on 1960s social and economic history to a more contemporary focus on events, actors, memory, and culture, the book digs deep into the how of history. How do historians arrange their data into narratives? What strategies do they employ to justify the validity of their descriptions? Are actors given their own voice? Along the way, Carrard also readdresses questions fundamental to the field, including its necessary membership in the narrative genre, the presumed objectivity of historiographic writing, and the place of history as a science distinct from the natural and theoretical sciences.

Bringing History to Life Marc-André Éthier, David Lefrançois, 2025-01-21 History has never been as present in our daily lives as it is today. Through any number of media outlets, tens of millions of people are in daily contact with historical discourses and practices. Between games, informational articles, social media posts, and other sources, history is everywhere. In *Civilization VI*, live-action role playing games, *The Berlin Trilogy*, *Game of Thrones*, and the works of Tolkien or *Satrap*, this rise in popularity of history, along with an unprecedented access to social platforms, provides opposing and irreconcilable views of what should be commemorated or debunked, of decolonization and reconciliation, and of other historical and social justice questions such as the elimination of police brutality and racism. How can we help our youth develop the critical thinking they need to address these questions? Reflecting on the use of works of non-academic history in the classroom, the authors of this book explore the use of popular or public history to teach historical thinking that will enable students to become informed and engaged citizens.

The SAGE Handbook of Historical Theory Nancy Partner, Sarah Foot, 2012-12-18 The *SAGE Handbook of Historical Theory* introduces the foundations of modern historical theory and the applications of theory to a full range of sub-fields of historical research, bringing the reader as up to date as possible with continuing debates and current developments. The book is divided into three key parts: covering Part I Foundations: The Theoretical Grounds for Knowledge of the Past; Part II Applications: Theory Intensive Areas in History; Part III Coda: Post Postmodernism, Directions and Interrogations. This important handbook brings

together in one volume discussions of modernity empiricism deconstruction narrative and postmodernity in the continuing evolution of the historical discipline into our post postmodern era Chapters are written by leading academics from around the world and cover a wide array of specialized areas of the discipline including social history intellectual history gender memory psychoanalysis and cultural history The influence of major thinkers such as Jacques Derrida Michel Foucault and Hayden White is fully examined This handbook is an essential resource for practising historians and students of history and will appeal to scholars in related disciplines in the social sciences and humanities who seek a closer understanding of the theoretical foundations of history

Writing History in Film William Guynn, 2013-09-13 Historical film has been an important genre since the earliest silent films The French Revolution the American Civil War the conquest of the New World World War II all have been repeatedly represented in film But how do we distinguish between fictionalized spectacle and authentic historical representation Writing History in Film sets out the narratological semiological rhetorical and philosophical bases for understanding how film can function as a form of historical interpretation and representation With case studies and an interdisciplinary approach William Guynn examines the key issues facing film students and scholars historians and anyone interested in how we see our historical past

Bernard Dadié Frédéric Lemaire, 2008-12-01 Cet ouvrage se penche sur les premières années de la vie de Bernard Dadié africain et intellectuel né en 1916 à Assinie première capitale de la Côte d'Ivoire sur ses premiers combats ses premiers affrontements et travers cette biographie sur le passé d'un État au présent agit la Côte d'Ivoire Cela nous permet également de comprendre à travers cet itinéraire ces frustrations et ces aspirations qui continuent traverser le continent africain et l'intrication du monde des idées et de celui du pouvoir
