

Research

Development of the DRA2 was based on what educators and the extant research literature identified as being key characteristics and behaviors of good readers. The DRA2 is founded on a number of premises drawn from various sources, including the research literature concerning reading development and instruction.

The following reliability analyses were performed during DRA2 development:

- Internal consistency reliability
- Passage equivalency
- Test-retest reliability
- Interrater and expert rater reliabilities

The DRA2 is a valid measurement of accuracy, fluency, and comprehension, as evidenced by the following validity measures:

- Criterion-related validity
- Construct validity
- Content validity
