

CONCEPTUAL PHYSICS LAB

Magnetic Fields

Chapter 34: Magnetism

Purpose:

To explore the patterns of magnetic fields associated with various magnetic configurations.

Apparatus:

Three bar magnets

Iron filings

Paper

Introduction:

As discussed last semester, electric charges, as it should now be apparent, field associated motions. Furthermore, we will examine the magnetic field surrounding bar magnets. Although the fields associated with the static electric charges can be seen by their effect on test charges,

Procedure:

Cover the magnets or magnets with a sheet of paper. Then sprinkle iron filings on top of the paper.

Step 1: Place a bar magnet with horizontal north-south as indicated. Use the iron filings to see the pattern of the magnetic field by drawing the iron filings on the bar magnet. (Sketch the pattern of iron filings for the bar magnet. Repeat the magnetic field pattern for a single bar magnet (north-south pole).)
