The Third Reich of Dreams Charlotte Beradt,2025-04-29 The hidden history of a nation sleepwalking its way into evil Charlotte Beradt began having unsettling dreams after Adolf Hitler took power in 1933 She envisioned herself being shot at tortured and scalped surrounded by Nazis in disguise and breathlessly fleeing across fields with storm troopers at her heels Shaken by these nightmares and banned as a Jew from working she began secretly collecting dreams from her friends and neighbors both Jewish and non Jewish Disguising these diaries of the night in code and concealing them in the spines of books from her extensive library she smuggled them out of the country one by one Available again for the first time since its publication in the 1960s this sensational book brings together this uniquely powerful dream record offering a visceral understanding of how terror is internalized and how propaganda colonizes the imagination After Beradt herself fled Germany for New York she collected these dream accounts and began to trace the common symbols and themes that appeared in the collective unconscious of a traumatized nation The fear of dictatorship was ever present Dreams of thought control even the prohibition of dreaming itself bore witness to the collapse of outer and inner worlds Now in a haunting new translation by Damion Searls and with an incisive foreword by Dunya Mikhail *The Third Reich of Dreams* provides a raw unfiltered and prophetic look inside the experience of living through Hitler's terror
