

The G3 Mercury Advantage... gourmet brewing brains and brawn.

Now brew hundreds of cups of gourmet quality coffee and keep each hot, fresh and delicious while serving with the G3 Mercury Coffee Brewing System. Mercury is designed from the ground up to simplify volume coffee production and service.

Coffee Where You Need It Most!

Working as a complete integrated system, the Mercury brews up to 800 cups of coffee per hour, then lets you move it precisely where it's most convenient for service.

Meeting rooms, banquets, convention halls, poolside receptions...there's no end to where Mercury's portable ten gallon SuperSatellite can be placed.

Gourmet Flavor From Practically Every Roast.

The key to the Mercury System is its powerful wall-mounted brewing module. At the touch of a button, it instantly delivers up to ten gallons of "brew temperature" water.

The Mercury brewing module features Curtis' advanced G3 digital control. G3 simplifies the complex process of extracting great "gourmet" coffee flavor. It's pre-programmed for "out of the carton" use, and can be adjusted to fine tune flavor with easy to program features including digital brew temperature and brew volume control, preventive maintenance alerts and much more.

Safety That Makes Sense.

Mercury incorporates proven protection features designed for large volume coffee service. Wall-mounted guide brackets position the vessel precisely in place during the brew cycle. A brew-interlock safety switch allows brewing only when the spout is correctly positioned, preventing the possibility of spills or burns.

The SuperSatellite vessel is securely bolted to the service cart, which features a wide-wheel base for extra stability.

Plus, Mercury forever ends the dangerous practice of hand carrying large trays laden with pots of hot, scalding coffee from the brewer to the service area.

Get the MERCURY ADVANTAGE.

Curtis puts over 50 years of foodservice coffee brewing experience into the high-volume Mercury System. Put that expertise to work in your operation and start enjoying the benefits of a more efficient, more profitable high-volume coffee service today.
