John Fuller & the Sycamore Press Ryan Roberts, 2010 Established in 1968 John Fuller's Sycamore Press was an important independently run press that published some of the most influential and critically acclaimed writers of the past half century. In addition to publishing established authors such as W H Auden, Philip Larkin, and Peter Porter, the press sought to promote young poets many of whom have gone on to achieve great success. The Sycamore Press ceased operations in 1992 but it remains an excellent example of the unique qualities associated with the small press movement in England. John Fuller, the Sycamore Press: A Bibliographic History explores the press's rich history on several levels. In addition to a full descriptive bibliography of all Sycamore Press publications, the book also includes a foreword by John Fuller and a transcript of an interview conducted with John Fuller on 31 March 2007. Supplementing the descriptive bibliography are numerous personal reflections written by Sycamore Press authors about John Fuller, the press, and the works it produced. **Pachelbel**

The Musical Standard, 1880 **The Works of Arnold Schoenberg** Josef Rufer, 1962 A bibliographical presentation of all the works of Arnold Schoenberg. What Kochel and Einstein did for Mozart, this author has done for Schoenberg. He has had access to Schoenberg's papers and scrupulously catalogued the legacy of the composer who has been described as the father of the new music of the twentieth century. Schoenberg's published and unpublished works, his editions and arrangements, his sketches and drafts are meticulously documented in chronological sequence within clearly defined groups. In many cases, we can trace the composition of a work from its first stages to its ultimate shape. Letters in which Schoenberg himself has things to say about a particular work form part of the author's text. Thus, the voice of the composer is heard throughout the book. Schoenberg was a many-sided artist, and the author has not neglected to list his literary works, his many books and articles, and his remarkable paintings. For the student of Schoenberg, this book is an indispensable source of information. But its appeal is also much wider. From so fully illustrated a catalogue of works, there emerges an amazingly faithful portrait of the man and his music. As one moves from one historic composition to another, *Pierrot lunaire*, the five orchestral pieces, *Moses and Aaron*, a vivid impression is given of history in the making. *The Monthly Musical Record*, 1900 Includes music. **The Tablet**, 1876 **Athenaeum and Literary Chronicle** James Silk Buckingham, John Sterling, Frederick Denison Maurice, Henry Stebbing, Charles Wentworth Dilke, Thomas Kibble Hervey, William Hepworth Dixon, Norman Maccoll, Vernon
