concise presentation of material it retains its solid coverage of the philosophical historical psychological and social foundations of curriculum pub desc Curriculum Webs Craig A. Cunningham, Marty Billingsley, 2006 0205459404

Cunningham Curriculum Webs 2 2e Curriculum Webs helps in service teachers curriculum developers and pre service teachers build and use the World Wide Web as a central resource to facilitate learning A curriculum web is a Web page or web site designed to support a unit of curriculum This text describes the process of building curriculum webs from the early planning stages through design of the Web pages using the finished product in classrooms reflecting on the results and revising for further use Readers will see how successful Web based curricula can be developed based on the stages of curriculum development and the needs of learners On the Companion Web site curriculumwebs com Hands On Lessons for various web editing software show specific procedures for implementing the ideas contained in the book The companion web site also includes numerous links to resources and further examples Social Reconstruction Karen L. Riley, 2006-05-01

ocial Reconstruction as a philosophy stream of thought or official program ois often synonymous with Depression era Progressivism But Social Reconstruction unlike progressivism enjoyed political stardom The spirit of progressivism at least in terms of education found a home in those enthusiasts who supported a child centered perspective of education Others such as the essentialists viewed their progressive role as one that advanced the view of essential or basic education as the most sound approach to curriculum and teaching Still others more radical in their outlook believed that progress should be framed with questions about social justice and equity Proponents of social reconstruction included Harold Rugg and George Counts although the movement was rich with supporters To date social reconstruction is only a by word in most texts that deal with the Progressive Era or progressive education perhaps because Rugg and Counts the two most visible proponents sought and received the political limelight no matter how glaring In any event the depths of social reconstruction have yet to be plumbed Hence the first book in this series will offer a comprehensive treatment of Social Reconstruction which include chapters that examine its proponents political nature and social justice programs born of and within the tumultuous context of progressive politics

Foundations of Education Robert F. McNerny, 1995 This text presents teaching as a dynamic integrated profession Each chapter delineates in an analytical and practical manner how professional teachers can most effectively utilize their unique abilities to bring out the best in the students they teach

Methods and Resources for Elementary and Middle-school Social Studies James W. Stockard, 2001

Curriculum Improvement Ronald C. Doll, 1996 The Ninth Edition of Curriculum Improvement is comprehensive unique practical and thought provoking Despite the problems it cites the book offers a message of hope that schools can help to solve society s problems by impressing upon children and youth that they can achieve and succeed if they act in doing what they know to be right and productive

Turning Points in Curriculum J. Dan Marshall, 2007 Turning Points in Curriculum A Contemporary American Memoir 2nd edition is a text designed to engage readers in a story of curriculum as a field of intellectual study and invite them to identify with and

ultimately participate in this important work Focusing on the United States it contains five parts the first of which offers a backdrop or contextual panorama for parts two through five which present curriculum s journey through the last half of the twentieth century Throughout the book the authors use the term curriculum work over curriculum studies theory or development The broader notion of work allows for variations that include reflection study theorizing construction inquiry and deliberation At the same time the possibilities for interpretation inherent in the notion of curriculum work allow the authors to steer clear of the more fixed and differential meanings typically associated with more distinctive phrases such as curriculum theorizing or curriculum development An important goal of *Turning Points* is to provide readers with multiple levels of engagement in its complex conversation Toward this end the authors have combined five distinct elements into the book with an eye toward personalizing readers interpretative processes Publisher description *Race and Education Primer* Aaron David Gresson,2008 The *Race and Education Primer* introduces its topic as perspective policy and pedagogy It provides a thematic introduction to the guiding beliefs and major practices in the field with a special emphasis on critical recurring themes These include race and intelligence the education gap teacher education and cultural competence Approaching race and education in global context the primer covers topics of interest to both novice and advanced students A glossary and suggested readings and resources add to the volume s value for students new to the field *Developing the Curriculum* Peter F. Oliva,2005 This highly readable practical text guides students step by step through the process of curriculum development providing a solid foundation of key models and concepts *Developing the Curriculum Sixth Edition* is full of references to classic and current curriculum writings providing students with a synthesis of historic and contemporary principles and practices associated with creating an effective curriculum In addition the author introduces a model that combines curriculum and instruction and carefully explores issues and challenges at each stage Features Up to date coverage reflects today s best practices and current trends in current development Actual examples are interspersed throughout each chapter to reinforce major chapter content Each chapter contains objectives Website and media references end of chapter questions as well as supplementary exercises providing students the opportunity to critically analyze and review key concepts and strategies Extensive bibliographies enable students to conduct research on chapter topics Chapter 15 Issues in Curriculum Development provides clear and concise analyses accompanied by an easy to use bibliography An Appendix provides teachers with references to ERIC Clearinghouses Regional Educational Laboratories National Research and Development Centers Institute of Education Sciences and curriculum journals Peter F Oliva formerly professor and chairperson at Southern Illinois University Florida International University and Georgia Southern University is author of several textbooks He has taught in high school and at the Universities of Florida Hawaii Mississippi and Indiana State University **Class Counts** Allan Ornstein,2007-03-09 Class counts Class differences and class warfare have existed since the beginning of western civilization but the gap in income and wealth between the rich top 10 percent and the rest has

increased steadily in the last twenty five years The U S is heading for a financial oligarchy much worse than the aristocratic old world that our Founding Fathers feared and tried to avoid The middle class is struggling and shrinking the Medicare and Social Security trusts are drying up and education is no longer the great equalizer A moral society one that is fair and just sets limits on the accumulation of wealth and inherited privilege and also guarantees a safety net for the less fortunate This book describes the need for a redistribution of wealth in order to make U S society more democratic fair and just and outlines the ways in which we can begin to make these very necessary changes This is a timely and powerful book one that should be read by anyone interested in preserving the social fabric of American life
