Photographing Outdoor Sports Alan Hess, 2014-03-14 This is a book about photographing outdoor sports not as a professional working for a major sports publication or website but as a parent or friend trying to capture a great memory. In *Photographing Outdoor Sports* author and photographer Alan Hess demonstrates that the key advantage of shooting outdoor sports during the day is that you have plenty of natural light at your disposal allowing you to use those action-stopping shutter speeds without having to rely on really high ISO settings. Along the way he covers the basics you need to know about shooting outdoor events: selecting the right shutter speed to freeze the action, picking the aperture to make the subject pop out of the frame and using the right gear to get close to the action. Follow along with Alan and you will learn your way around the gear you need to take great sports photos such as camera lenses, teleconverters and other extras. Develop an understanding of when and what to shoot. Learn the basics of photographing several sports including softball, football, track and field and more. Explore post-processing techniques to add impact such as cropping, color correction and sharpening your images.

Photographing Fireworks Alan Hess, 2013-08-13 In *Photographing Fireworks* author and photographer Alan Hess teaches you how to capture stunning photos of fireworks displays offering helpful tips to guide you in the field. Alan covers the equipment setup that you'll need to snap the perfect shot as well as the fundamentals of exposure and composition. He shares the trick to getting just the right amount of exposure, a key factor in shooting the light trails of fireworks against the night sky, walking you through using the manual exposure and bulb settings on your camera. Finally, he discusses practical considerations for shooting such an ephemeral and challenging subject in crowds and at night and how to get the best shots you can during the finale of a show. Follow along with Alan Hess and you will learn to use your camera's settings to get the perfect exposure to capture fireworks and other light trails. Get tips to ensure that you find the best location, orientation and aperture adjustment for your images. Gain practical on-the-ground strategies for before, during and at the end of the show.
