Joyner, JD

CPT,2025-09-30 Certified personal trainer Damien Joyner not only explodes the myth that growing older means growing weaker he offers expert guidance and safe simple effective exercises to empower you to regain and maintain your strength and autonomy I m often asked the following question Do you train active agers any differently than their younger counterparts In short I don t Their programming is based on their fitness level rather than their age and just like their younger counterparts they too possess the potential to move better or become stronger Too often society tells you as you age you ll become frail You ll lose your mobility It s time to slow down But at a time when nearly 50 million Americans are aged 65 these assumptions are more harmful than ever especially because they re wrong Joyner explains which exercises are the

most important to prioritize for the movements you do every day whether that's standing up from a chair or getting groceries from the car into the cabinet His exercises are Straightforward safe effective and evidence based Clearly illustrated via helpful how to photo guides Tailored to meet the concerns of active agers like improving bone density Appropriate for beginner intermediate and advanced levels of fitness For keeping fit and doing real world everyday tasks that help you stay active and engaged As a fitness professional who specializes in training people who are 50 Damien Joyner's approach in Move for Life helps you build strength increase flexibility and work on your balance all while dispelling any doubts you may have about your ability to stay active after midlife
