*Sales Management*, 1955 *Activities of the Institutes of the United Nations Crime Prevention and Criminal Justice Programme Network* United Nations. Economic and Social Council, 2015 *Open Source Leadership: Reinventing Management When There's No More Business as Usual* Rajeev Peshawaria, 2017-10-27 From taxi rides hotel stays car driving to communicating and paying everything we knew as normal has changed beyond recognition To lead effectively in today's brave new world you have to question EVERYTHING For the first time in human history knowledge is free and almost every boundary to communication has been lifted This open source world has permanently altered the business landscape And you can count on the fact that the pace of change will only accelerate Yet companies still rely on management tools and practices that were at best mildly effective in their heyday In *Open Source Leadership* Rajeev Peshawaria reveals the vision insight and practices he has used to help some of today's largest and most influential organizations meet the open source world head on It all starts with asking the right questions What's the most effective leadership style in a world of 24/7 connectivity How has the very concept

of leadership changed in the open source era How do you inspire and reward performance in the gig economy How do you measure engagement and effectively address the gaps How can you lead innovation quickly and continuously Peshawaria reveals the answers to these questions and they will surprise you Based on his company s groundbreaking research spanning 28 countries he concludes that traditional industrial age thinking needs a massive upgrade to successfully navigating the brave new world of business Open Source Leadership rewrites the rules of management giving you a unique look at the most common misperceptions illusions and downright wrong information you ve been getting about what works and what doesn t It provides a new counterintuitive model for seizing competitive edge in any industry Among other issues the book argues convincingly that positive autocracy must replace democratic leadership talent and innovation are abundant not scarce early identification of high potentials is counter productive and setting employees free to do as little as they want will increase productivity
