

2 (a) Which **two** of the following are examples of customer needs?

(2)

Select **two** answers.

- ☐ A Choice
- ☐ B Profit
- ☐ C Quality
- ☐ D Risk
- ☐ E Taxation

(b) Which **two** of the following are roles of an entrepreneur?

(2)

Select **two** answers.

- ☐ A Going to university
- ☐ B Organising resources
- ☐ C Personal satisfaction
- ☐ D Taking risks
- ☐ E To be a sole trader

Table 1 shows information about a small business.

Fixed costs	£100 000
Variable costs	£100 000 per unit
Selling price	£150 000 per unit
Break-even level of output	1000 units

Table 1

The business increases the selling price of its product to £160 000 per unit.

(a) Using the information in Table 1, calculate the decrease in the break-even level of output. You are advised to show your working.

# Business Studies 2013 Past Paper Gcse

**David Floyd**

## **Business Studies 2013 Past Paper Gcse:**

A University Education David Willetts, 2017-11-17 Universities have a crucial role in the modern world In England entrance to universities is by nation wide competition which means English universities have an exceptional influence on schools a striking theme of the book This important book first investigates the university as an institution and then tracks the individual on their journey to and through university In *A University Education* David Willetts presents a compelling case for the ongoing importance of the university both as one of the great institutions of modern society and as a transformational experience for the individual The book also makes illuminating comparisons with higher education in other countries especially the US and Germany Drawing on his experience as UK Minister for Universities and Science from 2010 to 2014 the author offers a powerful account of the value of higher education and the case for more expansion He covers controversial issues in which he was involved from access for disadvantaged students to the introduction of 9 000 fees The final section addresses some of the big questions for the future such as the the relationship between universities and business especially in promoting innovation He argues that the two great contemporary trends of globalisation and technological innovation will both change the university significantly This is an authoritative account of English universities setting them for the first time in their new legal and regulatory framework *Forward with Classics* Arlene

Holmes-Henderson, Steven Hunt, Mai Musié, 2018-08-09 Despite their removal from England s National Curriculum in 1988 and claims of elitism Latin and Greek are increasingly re entering the mainstream educational arena Since 2012 there have been more students in state maintained schools in England studying classical subjects than in independent schools and the number of schools offering Classics continues to rise in the state maintained sector The teaching and learning of Latin and Greek is not however confined to the classroom community based learning for adults and children is facilitated in newly established regional Classics hubs in evenings and at weekends in universities as part of outreach and even in parks and in prisons This book investigates the motivations of teachers and learners behind the rise of Classics in the classroom and in communities and explores ways in which knowledge of classical languages is considered valuable for diverse learners in the 21st century The role of classical languages within the English educational policy landscape is examined as new possibilities exist for introducing Latin and Greek into school curricula The state of Classics education internationally is also investigated with case studies presenting the status quo in policy and practice from Australasia North America the rest of Europe and worldwide The priorities for the future of Classics education in these diverse locations are compared and contrasted by the editors who conjecture what strategies are conducive to success **The British Library General Catalogue of Printed**
