Small Business Sourcebook, 2010      Fundamentals of Corporate Finance Robert Parrino, Thomas W. Bates, Stuart L. Gillan, David S. Kidwell, 2021-12-14 Fundamentals of Corporate Finance 5th Edition develops the key concepts of corporate finance with an intuitive approach while emphasizing computational skills This course helps students develop an intuitive understanding of key financial concepts and provides them with problem solving and decision making skills Using an intuitive approach students develop a richer understanding of corporate finance concepts while also enabling them to develop the critical judgments necessary to apply financial tools in real world decision making situations Corporate Finance 5e offers a level of rigor that is appropriate for both business and finance majors and yet presents the content in a manner that students find accessible      **Proceedings of the International Conference on Business, Accounting, Banking, and Economics (ICBABE 2022)** Chih Wen-Hai, Ali Mursid, 2023-05-19 This is an open access book Due to the impacts of the Coronavirus Disease COVID 19 around the world international conference will be held in Semarang Central Java Indonesia on 9th November 2022 Will take place online via zoom The BABE International Conference series is held at regular intervals to provide an interactive forum for presentation and discussion on the International Conference of Business Accounting Banking and Economics Research We welcome participants academicians and practitioners from all over the world who are interested in developing new knowledge and professional ties to enhance career opportunities The BABE international conference should serve as an ideal forum to establish relationships among members around the world We hope you will join us at the BABE international conference 2022 which will be held regularly every year      The Business School Buzz Book Carolyn C. Wise, Stephanie Hauser, 2007 In this updated guide Vault publishes the entire surveys of current students and alumni at more than 100 top business schools Each 4 to 5 page entry is composed almost entirely of insider comments from students and alumni Each school profile features surveys of about 10 students or alumni These narratives provide applicants with detailed and balanced perspectives and insider information on admissions and employment prospects which is lacking in other business school guides      *Proceedings of the XV International symposium Symorg 2016* Ondrej Jaško, Sanja Marinković, 2016-06-03      **Social Sciences Research Journal**, 2007      **Barron's Guide to Graduate Business Schools** Eugene Miller, 1995      Barron's Guide to Graduate Business Schools, 2007      **Sustainability, Green IT and Education Strategies in the Twenty-first Century** Tomayess Issa, Pedro Isaias, Theodora Issa, 2017-07-26 This work presents and discusses the latest approaches and strategies for implementing Sustainability and Green IT into higher education and business environments Following the global financial crisis in 2007 2008 businesses began to struggle coping with the increased IT IS cost and their environmental footprint As a consequence action by universities to incorporate sustainability and Green IT as parts of their teaching and learning materials acknowledging their importance for global and local businesses is being increasingly implemented The book addresses the cooperation and coordination between academics and

practitioners needed in order to achieve the changes required to obtain sustainability Intended for researchers lecturers and post graduate students as well as professionals in the Information Society and ICT and education sectors and policy makers

*An Electric Vehicle Conversion Start-Up. Development of a Business Model Approach* Fabian Hoeft, 2019-10-24 Master s Thesis from the year 2019 in the subject Business economics Business Management Corporate Governance grade 1 3 Niederrhein University of Applied Sciences Krefeld School of Business and Economics language English abstract Today s world of mobility is characterised by a high degree of dynamism and change is becoming apparent Currently around 45 million passenger cars with conventional combustion engines powered by diesel or petrol are registered in Germany The share of electric vehicles is still well below one per cent Nevertheless the voices for sustainable and environmentally friendly transport are becoming louder One political measure in this respect is the implementation of driving bans in major German cities for some conventional combustion cars Car electrification is a solution for converting cars with conventional combustion engines to electric drives In the context of this thesis car electrification is regarded as a transition solution towards a nationwide electrified transport network of new electric cars A comprehensive concept of a business model approach from a start up perspective has been developed based on the analysis of the environment industry and customer needs Analysing the structure of the electrical conversion industry revealed that the subject of car electrification is hardly widespread and that current suppliers have only converted a smaller number of cars Besides the small scale of implementation the operational execution by existing suppliers can be considered weak in terms of competitiveness and sustainability The analysis of the needs of potential customers of car electrification using qualitative and quantitative methods has led to incredibly valuable insights for the development of the business model approach A high openness to purchase was expressed considering some of the factors mentioned such as a test drive with an electrified car before purchase and a durability guarantee of the conversion The high relevance of initial acquisition costs compared to operating expenses in the purchase decision for passenger cars is another precious insight The business model approach developed based on the findings obtained differs fundamentally from the strategies of today s providers By incorporating the existing infrastructure of workshops and service points proximity to the end customer and scalability of the business operation can be achieved Partnering with universities and industry are two critical elements in the development of a sustainable secure and user friendly technical solution
