Business English 10th Teacher Edition:

Business English Mary Ellen Guffey, Carolyn M. Seefer, 2010-02-02 Dr Mary Ellen Guffey's Business English helps students become successful communicators in any business arena with its proven grammar instruction and supporting in-text and online resources. The perennial leader in grammar and mechanics texts, the 10th edition of Business English uses a three-tiered approach to break topics into manageable units, letting students identify and hone the most critical skills and measure their progress along the way. Packed with insights from more than thirty years of classroom experience in business communications, Business English also includes access to the author's new premier website www.meguffey.com and its many resources for building language skills, including all new interactive exercises.

New International Business English Updated Edition Teacher's Book Leo Jones, Richard Alexander, 2000-02-17 New International Business English is a flexible course at the upper-intermediate level for people who need or will soon need to use English in their day-to-day work. All four skills—listening, speaking, reading, and writing—are developed through a wide range of tasks which closely reflect the world of work.

Style-book of Business English for High Schools, Business Courses, Regents' and Teachers' Examinations, Etc Herbert W. Hammond, Max John Herzberg, 1924

Working Towards a Proficiency Scale of Business English Writing: A Mixed-Methods Approach Li Wang, Jason Fan, 2021-09-29 This book presents an empirical study to develop and validate a proficiency scale of business English writing in the Chinese tertiary context. Through a mixture of intuitive quantitative and qualitative methods, the book demonstrates how a pool of descriptors are collectively formulated, statistically calibrated, and meticulously validated for the establishment of a proficiency scale of business English writing. The writing scale differs in significant ways from the existing language scales, most of which were constructed in English as L1 or L2 contexts and applied to English for General Purposes (EGP) domains. This book also provides important insights into the construct of business English writing as well as the methods for English for Specific Purposes (ESP) proficiency scale development and validation. It is of particular interest to those who work in the area of ESP teaching and assessment.

Resources in Education, 1984 *Business Education Index*, 1980 An author and subject index of business education articles compiled from a selected list of periodicals and yearbooks published during the year.
