Gender Equality and Responsible Business Kate Grosser, Lauren McCarthy, Maureen A. Kilgour, 2017-09-08 Gender Equality and Responsible Business places gender equality at the heart of the responsible business agenda with the aim of contributing to CSR practice as well as research Discussion about gender issues in the field of corporate responsibility has focused on workplace issues and corporate boards which are important areas of work However the great benefit of exploring gender issues through a responsible business lens is that this requires us to also examine the wider gender impacts of business in the marketplace for example with regard to suppliers supply chains and consumers and with respect to the communities where business operates and the wider ecological environment indeed throughout corporate value chains Through contributions from practitioners in business and civil society as well as academia this book broadens the agenda opening the field to new voices and facilitates dialogue among and between practitioners and researchers Contributions within the edited collection elucidate current practice bring new perspectives and help us to expand the field of responsible business with regard to gender equality and beyond

The New Patriarchs of Digital Capitalism Ben Little, Alison Winch, 2021-06-23 This book offers an original critique of the billionaire founders of US West Coast tech companies addressing their collective power influence and ideology their group dynamics and the role they play in the wider sociocultural and political formations of digital capitalism Interrogating not only the founders political and economic ambitions but also how their corporations are omnipresent in our everyday lives the authors provide robust evidence that a specific kind of patriarchal power has emerged as digital capitalism's mode of command The New Patriarchs examined over the course of the book include Sergey Brin and Larry Page of Google Elon Musk of Tesla Jeff Bezos of Amazon Mark Zuckerberg of Facebook and Peter Thiel We also include Sheryl Sandberg The book analyses how these mostly men legitimate their rapidly acquired power tying a novel kind of socially awkward but visionary masculinity to exotic forms of shareholding Drawing on a ten million word digital concordance the authors intervene in feminist debates on patriarchy masculinity and postfeminism locating the power of the founders as emanating from a specifically racialised structure of oppression tied to imaginaries of the American frontier the patriarchal household and settler colonialism This is an important interdisciplinary contribution suitable for researchers and students across Digital Media Media and Communication and Gender and Cultural Studies

Research Libraries, 1988 **World of Work Report 2013** International Labor Office, International Institute for Labour Studies, 2013 The World of Work Report 2013 provides analyses the global employment situation five years after the start of the global financial crisis It looks at labour market performance and projections both at the global and regional levels Dynamic Industrial Policy in Africa United Nations. Economic Commission for Africa, 2014 For millions of Africans growth is yet to translate into jobs and better living conditions Africa's largely commodity driven growth has not been matched by the much needed structural change that can lead to economic transformation employment and reduced poverty Market failures necessitate industrial policy interventions Yet in the absence of the right processes and institutions good industrial policies will fail Indeed weak institutions and poor policy design have hindered industrial policy This report gives a framework for getting the policy process right to foster industrialization It uses 11 country case studies to assess the critical ingredients for spurring industrialization innovative institutions effective processes and flexible mechanisms and structural transformation

Industrial Development Report United Nations Publications, 2016-01-14 This report looks at how technology and innovation achieves inclusive and sustainable industrial development ISID Its main finding is that ISID is feasible and technology can simultaneously serve all three dimensions of sustainability including economic social and environmental Rapid inclusive and sustainable industrialization can happen more frequently provided that policymakers firmly steer the industrialization process with opportune policies and avoid past mistakes In some cases the spread of technology has not materialized in concrete growth opportunities because of the lack of technological capabilities Innovation needs to be supported by interventions strengthening the process from invention to adoption as capabilities are developed and high tech manufacturing sectors are created seeing higher rates of sustainable growth
