

## Chapter 25 Skeletal Outline

### 25.1- A Conservative Movement Emerges

#### 1) Growing Conservative Movement

- a) Barry Goldwater in 1964- As discussed before in Chapter 20, LBJ won a massive victory over Senator Barry Goldwater in Election of 1964, but even in his defeat Goldwater had helped launch a powerful grassroots (from the ground up) conservative movement away from the more moderate/centrist Republicans nominated in the 1940s and 1950s (Willkie, Dewey, Rockefeller, etc.)
  - i) Message of Big Government stifling not only the economy but the freedom of Americans resonated with many
- b) Entitlement Programs and "Big Government"
  - i) **Entitlement Programs**- programs that provide guaranteed benefits to particular groups, i.e. Social Security, Medicare, and Medicaid
    - (1) Government spending on entitlement programs was nearly \$300 billion annually. That cost, plus stories of fraud and waste caused resentment among many taxpayers
    - (2) They are mandatory spending, meaning under current federal law we have no option but to legally send those checks (now in 2019 mandatory spending is well over 60% of total federal spending!)
    - (3) Belief is that government has grown too big, too expensive, too powerful over our lives
- c) New Right Emerges- Remember the New Left from the 1960s (SDS, Weather Underground, etc.)...well here is the pushback from the other end of the political spectrum.
  - i) **New Right** included many groups and individuals who united under the Republican banner for a variety of reasons (strong military, family values, abortion, integrated busing, etc.)
  - ii) Issues
    - (1) **Affirmative Action**- legacy of the civil rights movement to provide preferential placement in college and jobs for African-Americans and other previously disadvantaged groups
      - (a) Conservatives will label this policy **Reverse Discrimination**, and that minorities are also harmed by this policy because others will always wonder that minority peers or coworkers are maybe not there because they earned it but were given it...does this move to a "colorblind" ideology like MLK Jr. advocated to be judged not by skin color but by merit?
    - (2) **Integrated Busing**- another legacy to Brown v. Board was to mandate a certain racial quota in schools, so this could mean forcibly busing students to a further away school to reach that quota
      - (a) Imagine the state forced you to leave Downingtown West and go to Coatesville or another local district because of reaching a certain quota...leaving your friends, your sports team, etc. That would be hard! What if you didn't want to go? This would lead to very powerful opposition from parents, students, and others. Does this mean they are racist if they are against this forced busing?
  - iii) **Conservative Coalition**- this powerful conservative movement would have multiple factors for its emergence including many groups including disaffected Democrats (feeling that the Democrat Party moved too far left and doesn't represent them anymore), evangelical Christians, businesspeople, etc.
    - (1) New Publications- having a conservative editorial leaning to counter more progressive publications
      - (a) Wall Street Journal
      - (b) National Review
        - (i) William F. Buckley- very powerful influence on the country as a conservative personality
    - (2) New Conservative think tanks and policy shops to produce research and data to inform public policy on many issues
      - (a) American Enterprise Institute
