

Solutions to Chapter 1 Review Exercises

- For the sum to be 9, the 3 dice could come up as a 6 and a 1 and a 2; a 5 and either two 2s or a 1 and a 3; a 4 and either a 2 and a 3 or a 1 and a second 4; or three 3s. These are the only possibilities. There is only one way to get three 3s. There are 3 ways that one 5 and two 2s could be arranged among the 3 distinct dice. (3 choices for what colour the 5 comes up on, or $\binom{3}{2} = 3$ choices for which 2 dice show 2.) The same for two fours and a 1. And for each of the other three ways of getting a sum of 9, there are 3 distinct numbers so $3!$ ways they might be arranged on the 3 distinct dice. Therefore the total number of ways to get a sum of 9 when 3 dice are tossed is $1 + 2(3) + 3(3!) = 25$.
- The band is going to go to 2 cities in Mexico, then 10 in the US followed by 3 in Canada. That's 15 cities they need to fly to. They start from Toronto (Canada) where they're based, to go to the first city, and the last performance is in Toronto, so they don't need to fly anywhere from the 15th city. So that's 15 flights to be booked. For each city on the tour, they have to fly out of that city, using an airline of the country that city is in. Except that they fly out of Toronto before the first concert date, instead of after the last. But that's still 2 flights out of Mexican cities, 10 flights out of US cities and 3 flights out of Canadian cities. Since they will not be using any airline more than once, they will use 2 of the 5 Mexican airlines, will use 10 of the 15 US airlines and will use 3 of the 7 Canadian airlines. But the airlines they will use must be arranged among the cities. So we need to arrange 2 of the 5 Mexican airlines, arrange 10 of the 15 US airlines and arrange 3 of the 7 Canadian airlines. The number of ways in which this can be done, i.e. the number of different ways to book flights for their tour, is

$$\binom{5}{2} \times 2! \times \binom{15}{10} \times 10! \times \binom{7}{3} \times 3! = \frac{5!}{2!} \times \frac{15!}{5!} \times \binom{7}{3}$$

- There will be a row of 12 candles down the centre of the table. That's 12 distinct positions for candles. There are 5 identical red candles, 4 identical golden candles and 3 identical silver candles. The number of ways to choose a group of 5 positions in which to put the red candles, a group of 4 positions for the golden candles and a group of 3 positions for the silver candles (or the number of ways to arrange 5 identical objects of one type, 4 identical objects of another type and 3 identical objects of a third type) is $\binom{12}{5, 4, 3}$.
- There are 5 distinct instruments to be arranged among the 5 musicians. The number of ways of doing this (i.e. of each of them choosing a different one of the instruments) is $5!$. Now, the musicians need to arrange themselves around the campfire. If there were no restrictions, the 5 people could be arranged in a circle around the campfire in $4!$ different ways. However, the 2 people with the guitars aren't to be side-by-side in the circle. Of the circles we counted, the number that do have those 2 next to one another is found by arranging 3 individual people without guitars and one pair of guitar players in a circle and then arranging the guitar players within their pair. So that makes $3! \times 2!$ circles we don't want to count. Thus we see that the number of ways in which they can each choose an instrument and then sit around the campfire with the 2 people with guitars not beside one another is

$$5! \times (4! - 3!2!)$$

Another way to approach the counting of the ways to make the circle would be to arrange one of the guitar players and the 3 non-guitar players in a circle, and then have the other guitar player choose a position that is not beside the one who's already in the circle. In a circle of 4 people, there are 4 distinct positions. Two of these are beside the guitar player (to the left or to the right). The other two are not. So there are $3!$ ways to make the circle (without the second guitar player) and then 2 choices for where the second guitar player will sit. That gives $3! \times 2$ ways to arrange the 5 musicians in the circle. (Notice that $4! - 3!2! = 4(3!) - 2!(3!) = 3!(4 - 2) = 3! \times 2$.)

Chapter 1review Solutions Section Answers Introduction

In the digital age, access to information has become easier than ever before. The ability to download Chapter 1review Solutions Section Answers has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Chapter 1review Solutions Section Answers has opened up a world of possibilities. Downloading Chapter 1review Solutions Section Answers provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Chapter 1review Solutions Section Answers has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Chapter 1review Solutions Section Answers. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Chapter 1review Solutions Section Answers. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Chapter 1review Solutions Section Answers, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Chapter 1review Solutions Section Answers has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so,

individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Chapter 1review Solutions Section Answers Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Chapter 1review Solutions Section Answers is one of the best book in our library for free trial. We provide copy of Chapter 1review Solutions Section Answers in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Chapter 1review Solutions Section Answers. Where to download Chapter 1review Solutions Section Answers online for free? Are you looking for Chapter 1review Solutions Section Answers PDF? This is definitely going to save you time and cash in something you should think about.
