Maselli,Paul Lonardo,2019-05-21 Debtors prisons might sound like something out of a Dickens novel but what most Americans do not realize is that they are alive and well in a new and startling form Today more than 20 percent of the prison population is incarcerated for financial reasons such as failing to pay a fine This alarming trend not only affects the poor who are hit particularly hard but also ensnares the millions

of self identified middle class people who are struggling to make ends meet All across the country people are being fined and even imprisoned for offenses as small as delinquency on student debt or an unpaid parking ticket However there is an insidious undercurrent to these practices that the average person might not realize Many counties depend on a steady supply of citizens to pay fines and court costs in order to make their budgets Minor vehicle infractions by design can rack up hundreds of dollars in charges that go straight to the city s coffers Combine this with the fact that many middle class people cannot handle an unexpected 400 expense and the general lack of awareness about the risk for being repeatedly jailed for failure to pay court costs probation and even per day charges for being in jail and you get an endless cycle of men and women either in debt or in prison for debt While shocking to some this system makes up today s debtors prisons In The New Debtors Prison Christopher Maselli draws from his personal knowledge of the criminal justice system based on his experience on both sides of the prison walls as an attorney as well as a former inmate to take a hard look at our modern prison system that systematically targets the poor and vulnerable of our society in order to fund the prison industrial complex

Anja

Schmidt,2004-10-16 Seminar paper from the year 2004 in the subject American Studies Literature grade 1 A University of Hamburg course Nathaniel Hawthorne and the Puritans language English abstract In The Scarlet Letter Nathaniel Hawthorne has not only created an intriguing plot but also some very picturesque characters among whom the character of Pearl can probably be viewed as the most unique one Pearl a composition of demon offspring and elf child cannot but raise the question of her identity and nature from the day she is born Not only the Puritan community even her own mother persistently questions her human nature and allegorizes her as a token of guilt Not even Hawthorne can restrain himself in reminding us constantly about the symbolic and functional nature of Pearl so that even the most ignorant reader must notice her resemblance of the Scarlet Letter in the story But is Pearl really just a purpose fulfilling construction Or is there more to this character than its function Is a child s fascination with a shiny and colorful object really that unusual And is it unusual for a child to behave wild if the mother raises the child in a non authoritative form Could it be that any real child born into a situation described in The Scarlet Letter would develop as Hawthorne develops the character of Pearl This work will raise

the question of Pearl's true nature and examine whether her character in Hawthorne's romance is purely shaped by her function. Yet an analysis of Pearl's character would be a futile attempt if viewed independently of all other characters. The reader never gets to know the independent character Pearl. She is always reflected via her interaction with other characters or objects. Her thoughts remain obscure to the reader unlike the other characters. Thus an analysis on Pearl will consist of an analysis of her interactions with the other characters in the story.
