Graphic Organizer TAKING NOTES

Use the graphic organizer online to take notes on the similarities and differences between New Netherland and Pennsylvania.

William Penn had frustrated his father, Admiral Sir William Penn, in 1667, at age 22, the younger Penn committed himself to the Society of Friends, or Quakers, a Protestant sect whose religious and social beliefs were radical for the time.

Ironically, his late father would play a key role in helping William Penn realize his dream—establishing a haven for Quakers in America. —quoted in *A New World*

While Penn only partially realized his "extraordinary" plans, the tolerant Quaker principles on which he established his colony attracted many settlers of different faiths.

In 1621, the Dutch government granted the newly formed Dutch West India Company permission to colonize **New Netherland** and expand the thriving fur
