Civil Islam Robert W. Hefner, 2011-05-21 Civil Islam tells the story of Islam and democratization in Indonesia the world's largest Muslim nation Challenging stereotypes of Islam as antagonistic to democracy this study of courage and reformation in the face of state terror suggests possibilities for democracy in the Muslim world and beyond Democratic in the early 1950s and with rich precedents for tolerance and civility Indonesia succumbed to violence In 1965 Muslim parties were drawn into the slaughter of half a million communists In the aftermath of this bloodshed a New Order regime came to power suppressing democratic forces and instituting dictatorial controls that held for decades Yet from this maelstrom of violence repressed by the state and denounced by conservative Muslims an Islamic democracy movement emerged strengthened and played a central role in the 1998 overthrow of the Soeharto regime In 1999 Muslim leader Abdurrahman Wahid was elected President of a reformist civilian government In explaining how this achievement was possible Robert Hefner emphasizes the importance of civil institutions and public civility but argues that neither democracy nor civil society is possible without a civilized state Against portrayals of Islam as inherently antipluralist and undemocratic he shows that Indonesia's Islamic reform movement repudiated the goal of an Islamic state mobilized religiously ecumenical support promoted women's rights and championed democratic ideals This broadly interdisciplinary and timely work heightens our awareness of democracy's necessary pluralism and places Indonesia at the center of our efforts to understand what makes democracy work
