

Mockingbirds don't do one thing except make music for us to enjoy. They don't eat up people's gardens, don't nest in corn cribs, they don't do one thing but sing their hearts out for us. That's why it's a sin to kill a mockingbird.

Harper Lee's To Kill a Mockingbird Michael J. Meyer, 2010-10-14 In 1960 To Kill a Mockingbird was published to critical acclaim To commemorate To Kill a Mockingbird s 50th anniversary Michael J Meyer has assembled a collection of new essays that celebrate this enduring work of American literature These essays approach the novel from educational legal social and thematic perspectives Harper Lee s only novel won the Pulitzer Prize and was transformed into a beloved film starring Gregory Peck as Atticus Finch An American classic that frequently appears in middle school and high school curriculums the novel has been subjected to criticism for its subject matter and language Still relevant and meaningful To Kill a Mockingbird has nonetheless been under appreciated by many critics There are few books that address Lee s novel s contribution to the American canon and still fewer that offer insights that can be used by teachers and by students These essays suggest that author Harper Lee deserves more credit for skillfully shaping a masterpiece that not only addresses the problems of the 1930s but also helps its readers see the problems and prejudices the world faces today Intended for high school and undergraduate usage as well as for teachers planning to use To Kill a Mockingbird in their classrooms this collection will be a valuable resource for all teachers of American literature

Frye Gaillard, 2018-07-01 Frye Gaillard has given us a deeply personal history bringing his keen storyteller's eye to this pivotal time in American life. He explores the competing story arcs of tragedy and hope through the political and social movements of the times: civil rights, black power, women's liberation, the War in Vietnam, and the protests against it. But he also examines the cultural manifestations of change: music, literature, art, religion, and science, and so we meet not only the Brothers Kennedy, Martin Luther King Jr. and Malcolm X, but also Gloria Steinem, Janis Joplin, Jimi Hendrix, Johnny Cash, Harper Lee, Mister Rogers, Rachel Carson, James Baldwin, Andy Warhol, Billy Graham, Thomas Merton, George Wallace, Richard Nixon, Angela Davis, Barry Goldwater, the Beatles, Bob Dylan, and the Berrigan Brothers. There are many different ways to remember the sixties, Gaillard writes, and this is mine. There was in these years the sense of a steady unfolding of time as if history were on a forced march, and the changes spread to every corner of our lives. As future generations debate the meaning of the decade, I hope to offer a sense of how it felt to have lived it. *A Hard Rain* is one writer's reconstruction and remembrance of a transcendent era, one that for better or worse lives with us still. Classroom Notes Plus, 2002. The Reading/writing Connection. Carol Booth Olson, 2007. This is an especially well-researched and documented text; the author's voice is one that is knowledgeable yet does not intend to intimidate. She speaks to her audience as a dedicated professional to professional. I could only hope that my students would read and retain her words of wisdom. Anna L. Bolling, California State University Stanislaus. I haven't seen any books that come close to what Carol Olson has developed. Harry Noden, Kent State University. The illustrations and scanned-in documents make Booth Olson's book readable, interesting, relevant, and real life. These visuals from actual students help transform her ideas from theory into practice. Kathy Bussert Webb, The University of Texas at Brownsville. This is the only secondary text that I have found to explain and provide authentic examples of reading/writing workshop process. The activities are practical and motivating. Hurray for Olson! Donna Uebler, Bradley University. Now in its second edition, *The Reading Writing Connection* features an array of individual reading and writing strategies, activities, and mini-lessons that teachers can implement in their classrooms. Well-respected author Carol Booth Olson extends far beyond most books intended for teachers of language arts by integrating reading and writing in creative, theory-based ways. Lauded by students and professors as a clear and straightforward text, this revised and updated edition includes plenty of material about teaching the writing process and responding to literature, and provides examples of lessons that help readers learn specific strategies. Unique in its field, *The Reading Writing Connection* provides student models at middle and high school levels in almost every chapter, illustrating actual student responses to reading and writing activities. The text is also rich with literary selections, giving teachers easy access to the literature featured in the activities and demonstration lessons. **Features New to the Second Edition:** Extensive coverage of differentiated instruction for English Language Learners. A new chapter entitled *Introducing Students to the Cognitive Strategies in Their Mental Tool Kits* that summarizes and clarifies students' use of cognitive strategies in their thinking.
