**The Revenge of Analog** David Sax, 2016-11-08 One of Michiko Kakutani's New York Times top ten books of 2016 A funny thing happened on the way to the digital utopia We've begun to fall back in love with the very analog goods and ideas the tech gurus insisted that we no longer needed Businesses that once looked outdated from film photography to brick and mortar retail are now springing with new life Notebooks records and stationery have become cool again Behold the *Revenge of Analog* David Sax has uncovered story after story of entrepreneurs small business owners and even big corporations who've found a market selling not apps or virtual solutions but real tangible things As e books are supposedly remaking reading independent bookstores have sprouted up across the country As music allegedly migrates to the cloud vinyl record sales have grown more than ten times over the past decade Even the offices of tech giants like Google and Facebook increasingly rely on pen and paper to drive their brightest ideas Sax's work reveals a deep truth about how humans shop interact and even think Blending psychology and observant wit with first rate reportage Sax shows the limited appeal of the purely digital life and the robust future of the real world outside it

*Crimes Against Humanity* Rolf A. F. Witzsche, 2003 *Crimes Against Humanity* Geoffrey Robertson, 2013-02-05 When it was first published in 1999 *Crimes Against Humanity* called for a radical shift from diplomacy to justice in international affairs In vivid non legalese prose leading human rights lawyer Geoffrey Robertson made a riveting case for holding political and military leaders accountable in international courts for genocide torture and mass murder Since then fearsome figures such as Charles Taylor Laurent Gbagbo and Ratko Mladic have been tried in international criminal

court and a global movement has rallied around the human rights framework of justice Any such legal framework requires constant evolution in order to stay relevant and this newly revised and expanded volume brings the conversation up to date In substantial new chapters Robertson covers the protection of war correspondents the problem of piracy crimes against humanity in Syria nuclear armament in Iran and other challenges we are grappling with today He criticizes the Obama administration's policies around targeted killing and the trials of Khalid Sheikh Mohammed and other high value detainees By rendering a complex debate accessible Robertson once again provides an essential guide for anyone looking to understand human rights and how to work toward a more complete blueprint for justice **Boss Up!** Lindsay Teague
