A testament to the ingenuity of scholarly presses, *One Book Five Ways* is a fascinating experiment in comparative publishing. This book records the history of a single manuscript entitled *No Time for Houseplants*, submitted to five different university presses: Chicago, MIT, North Carolina, Texas, and Toronto, and then actually published by the University of Oklahoma Press. Each of the five model publishers agreed to treat the book as a real project, accepted for publication, and to compile a log of procedures they followed. These logs include correspondence, budgets, forms, layouts, and specifications, providing an insider's look at the path a manuscript takes through the various departments of each press, from editorial to marketing. With a new Foreword discussing changes in publishing since 1978 and an Afterword commenting on the actual publication of *No Time for Houseplants*, *One Book Five Ways* is a unique educational tool for anyone interested in the publishing process. **Ortho's All about Pruning** Judy Lowe, 1998-12. Primer on trimming trees, shrubs, and vines. Teaches when and how to prune. In her signature warm and beginner-friendly tone, she introduces simple techniques you can use to encourage bloom alongside all the ins and outs of caring for these beautiful plants.
