The Cosmopolitics of Visual Memory Kjetil A. Jacobsen, Trond E. Bjorli, 2015-05-25 In 1912 the French banker and philanthropist Albert Kahn 1860 1940 founded The Archives of the Planet an extensive collection of photographs and films that today contains 72 000 autochromes and 183 000 meters of film Between 1909 and 1932 Kahn sent documentarists to sixty countries on four continents to capture on film and in autochromes the everyday life and the art culture and religion of different societies The Cosmopolitics of Visual Memory Albert Kahn and the Archives of the Planet is the first publication offering a thematic access to this fascinating collection of visual records highlighting aspects such as mobility

communications or ethnographic documentation **Heritage, Photography, and the Affective Past** Colin Sterling, 2019-08-28 Heritage Photography and the Affective Past critically examines the production consumption and interpretation of photography across various heritage domains from global image archives to the domestic arena of the family album Through original ethnographic and archival research the book sheds new light on the role photography has played in the emergence expansion and articulation of heritage in diverse sociocultural contexts Drawing on wide ranging experience across the heritage sector and two international case studies Angkor in Cambodia and the town of Famagusta Cyprus the book makes a major contribution to our understanding of the role photography has played and continues to play in shaping experiences and conceptualisations of heritage One of the core aims of the book is to problematise and potentially redirect the varied usages of photography within current practice usages which remain woefully undertheorised despite their often central role in shaping heritage Ultimately by focusing attention on a hitherto underexamined aspect of the heritage phenomenon namely its manifold interconnections with photography this book provides fresh insight to the making and remaking of the past in the present and the alternative heritages that might come into being around emergent photographic forms and approaches Heritage Photography and the Affective Past uses photography as a method of enquiry as well as a tool of documentation It will be of interest to scholars and students of heritage photography anthropology museology public archaeology and tourism The book will also be a valuable resource for heritage practitioners working around the globe

Time on a Human Scale Julian Wright, Allegra Fryxell, 2021-10-07 Time on a Human Scale offers an ambitious new assessment of how modern Europeans understood time and human experience through studies of politics art literature music and culture of Western Europe between the 1860s and 1930s **Le temps des ruines, 1914-1921** Emmanuelle

Danchin, Carine Trévisan, 2015 Ce livre raconte ce que les destructions de la guerre ont signifié pour les contemporains de 1914 et plus particulièrement la manière dont la société française s'est emparée de ces représentations de ruines pour en faire un symbole de douleur Dès le début du conflit les vues de dévastation et plus particulièrement celles des édifices culturels furent instrumentalisées par la propagande française Au même moment une réflexion s'est développée sur la préservation des vestiges de guerre et sur la mise en place d'un tourisme de champ de bataille
