Drudge Report Obama Supreme Court:

The Tweets of President Donald J. Trump Forefront Books, 2020-07-28 Love them or hate them the tweets of President Donald J Trump rule the Twitterverse Until our last presidential campaign television particularly campaign ads dominated the political landscape But with the rise of Donald J Trump came a new political tool the internet Trump used this to communicate instantly and very effectively with the American people And it worked Establishing his political positions by tweeting numerous times a day Trump pulled a major upset by defeating Hillary Rodham Clinton to become the 45th president of the United States Once in office Trump did not abandon his penchant for using Twitter as his populist platform Instead he doubled down on it making it his primary means of communicating with the American people Knowing how effective a tweet can be Trump once wrote Boom I press it and within two seconds we have breaking news With a massive Twitter following of 78 million by the spring of 2020 Trump s direct impact upon Americans cannot be dismissed nor can the value of his tweets as an essential part of the historical record be denied To put the enormous impact of his tweets into perspective Trump won the White House with 63 million votes a number significantly lower than his massive Twitter following Now you can read the collected tweets of wisdom or ridiculousness from President Donald J Trump from his inauguration through February 2020 in this historically significant collection Donald Trump is Not My Savior Michael L. Brown, PhD, 2018-10-23 Evangelicals and Donald Trump A Match Made in Heaven or a Marriage with Hell As a Christian how can you support a president whose present actions and personal history you utterly disagree with Radio host Biblical scholar and social activist Dr Michael Brown represented the collective fears of many evangelical Christians when it **A Right to Lie?** Catherine J. Ross, 2021-11-30 Do the nation s highest officers including the President have a right to lie protected by the First Amendment If not what can be done to protect the nation under this threat This book explores the various options

Selfie Democracy Elizabeth Losh, 2022-09-06 How politicians digital strategies appeal to the same fantasies of digital connection access and participation peddled by Silicon Valley Smartphones and other digital devices seem to give us a direct line to politicians But is interacting with presidential tweets really a manifestation of digital democracy In Selfie Democracy Elizabeth Losh examines the unintended consequences of politicians digital strategies from the Obama campaign s pioneering construction of an online community to Trump s Twitter dominance She finds that politicians who use digital media appeal to the same fantasies of digital connection access and participation peddled by Silicon Valley Meanwhile smartphones and social media don t enable participatory democracy so much as they incentivize citizens to perform attention getting acts of political expression Losh explores presidential rhetoric casting digital media as tools of democracy describes the conflation of gender and technology that contributed to Hillary Clinton s defeat in 2016 chronicles the Biden campaign s early digital stumbles in 2020 and recounts the TikTok campaign that may have spoiled a Trump rally She shows that although Obama and Trump may seem diametrically opposed in both style and substance they both used mobile digital media

in ways that reshaped the presidency and promised a new kind of digital democracy Obama used data and digital media to connect to citizens without intermediaries Trump followed this strategy to its most extreme conclusion What were the January 6 insurrectionists doing as they livestreamed themselves and their cohorts attacking the Capitol but practicing their own brand of selfie democracy *National Journal* ,2009 *Icons of American Popular Culture* Robert C. Cottrell,2014-12-18 Traces the evolution of American popular culture over the past two centuries In a lengthy chronology of landmark events and ten chapters each revolving around the lives of two individuals who are in some way emblematic of their times this provides a window on the social economic and political history of US democracy from the antebellum period to the present *The New Yorker* Harold Wallace Ross,William Shawn,Tina Brown,David Remnick,Katharine Sergeant Angell White,Rea Irvin,Roger Angell,2008-10 *Time* ,2007 **The New York Times Index** ,2008 *The Oath* Jeffrey Toobin,2013-06-04 A Washington Post Notable Work of Nonfiction From the moment Chief Justice Roberts botched Barack Obama s oath of office the relationship between the Court and the White House has been a fraught one Grappling with issues as diverse as campaign finance abortion and the right to bear arms the Roberts court has put itself squarely at the center of American political life Jeffrey Toobin brilliantly portrays key personalities and cases and shows how the President was fatally slow to realize the importance of the judicial branch to his agenda Combining incisive legal analysis with riveting insider details *The Oath* is an essential guide to understanding the Supreme Court of our interesting times **Still Winning** Charles Hurt,2019-07-09 In this stirring true account of American leadership learn how President Trump will put an end to a corrupt system of government ruled by the establishment and special interests *Still Winning* is the story of the unlikeliest of heroes who emerged from the unlikeliest of places to take up the impossible cause of a truly forgotten people They are people who love their country trust their higher God obey laws and will do anything for their family and neighbors They are the very people the Founders envisioned when they hatched the radical idea of self governance This is the story of a Leviathan government the most powerful political force in the history of mankind that has become dangerously unmoored from the people it represents It is the story of how elites and the politically comfortable controlling both parties in Washington have utterly lost touch They don t even realize how much the people they represent despise the uncontrollable Leviathan The establishment has tried their best to ignore Donald Trump except to brand him as a racist a xenophobe an isolationist and a dangerous violence inciting war monger All standards of reporting vanished In the era of Trump no sort of criticism was off limits They openly mocked his looks ridiculed his private business accomplishments pilloried his family and children and made fun of his foreign born wife for her accent The Leviathan has grown untamable Democrats and Republicans run for office year after year on promises they have no intention of keeping Neither side wants to fix a single problem The whole thing has become one giant ungovernable corrupt Ponzi scheme that one day will come crashing down Charles Hurt advocates for the Nuclear Option for dealing with this mess just blow the whole damned thing up Whatever is

presidential or diplomatic let's try the opposite Whatever these people in Washington find most horrifying let's try that Finally the multi-headed Leviathan swamp monster has met the perfect dragon slayer in Donald Trump Still Winning examines each corrupt head of this Leviathan and why Donald Trump is the only good answer to fixing it **The View from Lone Butte** Robert Russin, 2013-02 A tribal servant's diary of President Barack H Obama and the United States **Obama's Court?** Risa L. Goluboff, 2017 In this chapter for an edited volume on the Obama presidency we examine Obama's judicial legacy and specifically his relationship to the Supreme Court Obama shaped the Court with two important appointments Sonia Sotomayor and Elena Kagan thus increasing the number of women on the Court to three But he was unable to shift the Court dramatically in a progressive direction despite the death of Antonin Scalia the intellectual center of the conservative Court late in Obama's second term Obama's nomination of Merrick Garland a moderate was stymied by a recalcitrant Republican-led Senate So too despite a conservative majority on the Court conservatives' hopes to change the fundamental terms of the existing constitutional settlement were not realized Obama's signature social welfare program the Affordable Care Act survived constitutional challenge while marriage rights were extended to gays and lesbians The constitutional doctrine the Supreme Court elaborated in the middle of the twentieth century had two essential features the broad legitimacy of the federal administrative state especially in the realm of economic regulation and the judicial protection of civil rights and civil liberties Those two pillars of Supreme Court jurisprudence mostly survived even as conservative justices cut back significantly on racial civil rights expanded gun rights and extended speech and religious rights to corporations With Donald Trump's election in 2016 Obama lost the appointment that would have shaped the Court for years Scalia's replacement Neil Gorsuch appears to share Scalia's judicial approach Ideologically the Court looks about the same as it did during Obama's two terms in office Trump's ascendancy however raises the possibility that a new appointment will substantially alter what has been a fairly stable fifty-year constitutional settlement
