If you have a passion in writing and you want to learn How To Write a Novel then get a copy of this guide The writing process is a little bit different from one person to the next but fundamentally it's very similar When someone sits down to write there tends to be an awkward uninspired moment in the beginning when you begin to get over the doubt and the thoughts of not knowing what to say and then jump into it anyway Usually once you've gotten a few sentences out sometimes a paragraph or two you suddenly slip into the zone that inspired and motivated place where the work comes out effortlessly and you can just keep going for pages and pages This book isn't about telling you how to write or making assumptions that everyone goes through the same process Quite the contrary I'd like to point out right now that not every writer will follow a process Some follow no process at all I'm here to simply share some things that work for me and help me to keep my ideas and thoughts organized so the stories make sense There are a number of ways to do that and I'll cover some of my favorites in this eBook Most people write for themselves and many people don't necessarily publish a book But those who want to write a novel and are intimidated by the idea are the people I'm writing this book for One of the questions I ask myself the most is Why is it so hard to stay inspired Maybe you get stuck on a part of the book or the thought of 90 000 words scares you Either way there are some little tricks and activities you can do in order to maintain a steady focus and inspiration For some reason people have this misconception of authors and writers that writers just sit down type up a perfect manuscript the first time around and then sit back and relax as the royalties roll in In reality writers brainstorm take notes make outlines do research either in person or online or at libraries verify information ask questions and have to have the ability to remove chunks of their work from their document if it's excessive And with no boss looking over your shoulder to be accountable to an author has to be accountable to him or herself not to mention be a self starter It takes discipline and patience not to mention determination but if you're serious about writing a novel then keep reading About the Expert Jennifer Crystal Johnson is originally from Germany but was raised all over She has published one novella under her former last name The Outside Girl Perception is Reality Publish America 2005 this will be out of print in 2013 a poetry book Napkin Poetry Broken Publications 2010 and a collection of poetry art and prose called Strangers with Familiar Faces Broken Publications 2011 Her poem Yin Yang was featured on Every Writer's Resource's Poem a Day site One of her short stories The Clinic has been featured in Jack Meets Jill and her short horror story The Huntress has been featured in Zombie Coffee Press Her poetry has appeared in various anthologies including Theatre of the Mind Noble House 2003 and Invoking the Muse Noble House 2004 She currently works as the Managing Editor for Phati tude Literary Magazine published by the IAAS freelance writer and editor and is working toward a degree in creative writing She lives in the Pacific Northwest with her fiancé three kids and two cats Her new
