Civilities And Civil Rights

L Cohen

Civilities And Civil Rights:

Civilities and Civil Rights William H. Chafe, 1981 The sit ins at a Woolworth s lunch counter in Greensboro launched the passive resistance phase of the civil rights revolution This book tells the story of what happened in Greensboro it also tells the story in microcosm of America s effort to come to grips with our most abiding national dilemma racism *Civilities and Civil Rights* William H. Chafe, 1980 The sit ins at a Woolworth s lunch counter in Greensboro launched the passive resistance phase of the civil rights revolution This book tells the story of what happened in Greensboro it also tells the story in microcosm of America s effort to come to grips with our most abiding national dilemma racism **Liberalism, Black**

Power, and the Making of American Politics, 1965-1980 Devin Fergus, 2009 In this pioneering exploration of the interplay between liberalism and black nationalism Devin Fergus returns to the tumultuous era of Johnson Nixon Carter and Helms and challenges us to see familiar political developments through a new lens What if the liberal coalition instead of being torn apart by the demands of Black Power actually engaged in a productive relationship with radical upstarts absorbing black separatists into the political mainstream and keeping them from a more violent path What if the New Right arose not only in response to Great Society Democrats but as significantly in reaction to Republican moderates who sought compromise with black nationalists through conduits like the Blacks for Nixon movement Focusing especially on North Carolina a progressive southern state and a national center of Black Power activism Fergus reveals how liberal engagement helped to bring a radical civic ideology back from the brink of political violence and social nihilism He covers Malcolm X Liberation University and Soul City two largely forgotten federally funded black nationalist experiments the political scene in Winston Salem where Black Panthers were elected to office in surprising numbers and the liberal nationalist coalition that formed in 1974 to defend Joan Little a black prisoner who killed a guard she accused of raping her Throughout Fergus charts new territory in the study of America s recent past taking up largely unexplored topics such as the expanding political role of institutions like the ACLU and the Ford Foundation and the emergence of sexual violence as a political issue He also urges American historians to think globally by drawing comparisons between black nationalism in the United States and other separatist movements around the world By 1980 Fergus writes black radicals and their offspring were more likely to petition Congress than blow it up That liberals engaged black radicalism at all however was enough for New Right insurgents to paint liberalism as an effete anti American ideology a sentiment that has had lasting appeal to significant numbers of voters

The Journal of African American History , 2005 *The Passion Narratives of Saints Perpetua, Felicity, and Their Fellow Martyrs* Nancy Enright, Francis J. Hunter, 2024-07-17 *The Passion Narratives of Saints Perpetua Felicity and Their Fellow Martyrs* presents a critical translation of three hagiographical masterpieces of late antiquity and a series of accompanying essays The translation by Francis J Hunter includes the two Acta Brevia narratives as companion texts and supplements to the Passio Sanctarum proper The interdisciplinary essays feature input from scholars in the fields of

literature theology psychology and classics who each illustrate the dynamic and rich nature of the text Each chapter of the book is written to teach rather than critique the text for students or readers who wish to learn about Perpetua and Felicity early Christianity or the Roman empire and its relationship with the emergent Christian religion To Right These Wrongs Robert R. Korstad, James L. Leloudis, 2011-01-20 When Governor Terry Sanford established the North Carolina Fund in 1963 he saw it as a way to provide a better life for the tens of thousands whose family income is so low that daily subsistence is always in doubt Illustrated with evocative photographs by Billy Barnes To Right These Wrongs offers a lively account of this pioneering effort in America's War on Poverty Robert Korstad and James Leloudis describe how the Fund's initial successes grew out of its reliance on private philanthropy and federal dollars and its commitment to the democratic mobilization of the poor Both were calculated tactics designed to outflank conservative state lawmakers and entrenched local interests that nourished Jim Crow perpetuated one party politics and protected an economy built on cheap labor By late 1968 when the Fund closed its doors a resurgent politics of race had gained the advantage led by a Republican Party that had reorganized itself around opposition to civil rights and aid to the poor The North Carolina Fund came up short in its battle against poverty but its story continues to be a source of inspiration and instruction for new generations of Americans **From Cotton Belt to Sunbelt** Bruce J. Schulman, 1994 From Cotton Belt to Sunbelt investigates the effects of federal policy on the American South from 1938 until 1980 and charts the close relationship between federal efforts to reform the South and the evolution of activist government in the modern United States Decrying the South's economic backwardness and political conservatism the Roosevelt Administration launched a series of programs to reorder the Southern economy in the 1930s After 1950 however the social welfare state had been replaced by the national security state as the South's principal benefactor Bruce J Schulman contrasts the diminished role of national welfare initiatives in the postwar South with the expansion of military and defense related programs He analyzes the contributions of these growth oriented programs to the South's remarkable economic expansion to the development of American liberalism and to the excruciating limits of Sunbelt prosperity ultimately relating these developments to southern politics and race relations By linking the history of the South with the history of national public policy Schulman unites two issues that dominate the domestic history of postwar America the emergence of the Sunbelt and the expansion of federal power over the nation's economic and social life A forcefully argued work From Cotton Belt to Sunbelt originally published in 1991 Oxford University Press will be an important guide to students and scholars of federal policy and modern Southern history **Culture Wars and Local Politics** Elaine B. Sharp, 1999 This collection offers alternative explanations of local actions with a focus on conflict It features examples of experiences selected from various cities It examines how the responses of local governments to specific issues are influenced by such factors as political culture and institutions **Regime Politics** Clarence Nathan Stone, 1989 From the end of Georgia's white primary in 1946 to the present Atlanta has been a community of growing black electoral strength and stable white economic power

Yet the ballot box and investment money never became opposing weapons in a battle for domination. Instead Atlanta experienced the emergence and evolution of a biracial coalition. Although beset by changing conditions and significant cost pressures, this coalition has remained intact. At critical junctures, forces of cooperation overcame antagonisms of race and ideology. While retaining a critical distance from rational choice theory, author Clarence Stone finds the problem of collective action to be centrally important. The urban condition in America is one of weak and diffuse authority, and this situation favors any group that can act cohesively and control a substantial body of resources. Those endowed with a capacity to promote cooperation can attract allies and overcome oppositional forces. On the negative side of the political ledger, Atlanta's style of civic cooperation is achieved at a cost. Despite an ambitious program of physical redevelopment, the city is second only to Newark, New Jersey, in the poverty rate. Social problems, conflict of interest issues, and inattention to the production potential of a large lower class bespeak a regime unable to address a wide range of human needs. No simple matter of elite domination; it is a matter of governing arrangements built out of selective incentives and inside deal making. Such arrangements can serve only limited purposes. The capacity of urban regimes to bring about elaborate forms of physical redevelopment should not blind us to their incapacity to address deeply rooted social problems. Stone takes the historical approach seriously. The flow of events enables us to see how some groups deploy their resource advantages to fashion governing arrangements to their liking. But no one enjoys a completely free hand; some arrangements are more workable than others. Stone's theory-minded analysis of key events enables us to ask why and what else might be done. *Regime Politics* offers readers a political history of postwar Atlanta and an elegant, innovative, and incisive conceptual framework destined to influence the way urban politics is studied. **Harvard Law Review**, 2013 **The New African American Urban History** Kenneth W.

Goings, Raymond A. Mohl, 1996-05-20 In recent decades, an exciting new scholarship has emerged that is changing the way African American urban history is perceived. While earlier studies often portrayed African Americans as passive and powerless or as victims of white racism and slum pathologies, *The New African American Urban History* emphasizes the new scholarship that conveys a sense of active involvement. It supports the view of African Americans as people empowered, engaged in struggle, living their lives with dignity and shaping their own futures. In this perceptive volume, contributors examine the great modern migrations of African Americans to the city, the creation and expansion of black communities, and black life and culture, with special emphasis on working class culture. This collection of essays, written by prominent scholars, comes together in perfect harmony with a common thematic approach and interpretive analysis which has shaped new writing in the field for the past decade. Both groundbreaking and inspiring, *The New African American Urban History* will prove to be an invaluable resource for students and professionals in urban and ethnic studies. *The Unfinished Journey* William H. Chafe, 1991 Chronicles the history of the United States over the past forty-five years, including the first years of the Bush administration. **Bowker's Law Books and Serials in Print 1988** R. R. Bowker, 1988 *From Slavery to*

Freedom John Hope Franklin, Alfred A. Moss, 1988 The pre eminent history of African Americans is now available in two volumes From slavery to Freedom charts the journey of African Americans from their origins in the civilisations of Africa through slavery in the Western Hemisphere to their struggle for freedom in the West Indies Latin America and the United States Still featuring numerous primary and secondary source boxes and even more richly illustrated than in previous editions From Slavery to Freedom 7 e maintains its status as one of the most important college textbooks in print

America and Its Peoples James Kirby Martin, 1996 Aftermath of the Civil War America emerges as an economic power Rise of an urban society and city people Imperial America 1870 1900 Struggle for change 1900 1917 Roosevelt Taft and Wilson Involvement in World War I The Great Crash Ku Klux Klan Emergence of modern American culture Effects of the Great Depression New Deal Diplomacy between the wars War in the Pacific World War II and America's involvement Vietnam Struggle for racial justice Women's liberation The Reagan administration President Bush Immigrants and immigration Progressives T Roosevelt J D Rockefeller Hester Street Nativism or anti immigration backlash Unions The Cold War including Berlin Airlift Containment policy Cuba Eisenhower Nixon Reagan Vietnam Origins end of the Cold War *Childress Lecture*, 2009 **Great Events from History II.: 1937-1960** Frank Northen Magill, 1992 This reference resource presents entirely original articles treating twentieth century events never before covered The current five volumes of Human Rights address 462 topics in the history of human rights both instances of human rights denial and human rights advances From page v of Publisher's note **Taking Sides: Reconstruction to the present** Larry Madaras, James M. SoRelle, 1993 **Choice**, 1990 *The African American Encyclopedia*, 1993 Deals extensively with the African American experience in the United States from the very beginning up to the present day with an in depth examination of the history and contributions of a people who want to be recognized
