The Democratic Unionist Party Jonathan Tonge, Maire Braniff, Thomas

Hennessey, James W. McAuley, Sophie Whiting, 2014-06-12 The Democratic Unionist Party DUP has moved from a religion dominated protest party to a pragmatic party of government in Northern Ireland the most popular in the region with more votes Assembly seats and MPs than any of its rivals This book draws upon the first ever survey of the party's members funded by the Leverhulme Trust along with over one hundred interviews to analyse their views on the transformation undergone by the DUP The book analyses what categories of individual make up the DUP ranging from religious fundamentalists or moderates detailing the religious composition of the party How Free Presbyterian or Orange is the modern DUP and how is its membership changing What identity do those members hold The book then assesses the attitudes of members to the contemporary power sharing arrangements in a divided society How comfortable is the DUP to sharing political spoils with the republican enemy How supportive are members of the Executive and Assembly in Northern Ireland and what progress do they think has been made The book also dissects the modern fears of DUP members ranging from the dilution of religious fervour to continuing fears over security and opposition to policing reforms Attitudes to unity with other Unionist groups are explored as are the prospects of capturing support from Catholic supporters of Northern Ireland's place in the United Kingdom Drawing upon unprecedented access to a party traditionally suspicious of outsiders this book offers a unique insight into how an opposition party grounded in religious principles has accommodated change and broadened its appeal whilst retaining most of its traditional hardcore membership

The Regulation of the Legal Profession in Ireland Maeve Hosier, 2014-08-17 The Regulation of the Legal Profession in Ireland is a new and insightful exploration of history controversy and reform relating to the Irish legal system During recent legislative debate over a professional reform bill Alan Shatter then the Minister of Justice in Ireland publicly called this study in its earlier form as a dissertation marvellous and stated that it should be compulsory reading for us all He noted that the thesis sets out the history of the legal profession and how it evolved It evolved continually until approximately 1870 and then went into paralysis and nothing has changed since It is extraordinarily curious that people think the world stopped in 1870 Professor Laurent Pech formerly of the School of Law at NUI Galway and now Head of the Law Department at Middlesex University London has stated that this study makes a decisive contribution to the on going scholarly and policy debates on this issue by evaluating the present regulatory framework and offering a number of suggestions to improve it in a context of increasing transnationalisation of the market for legal services He added that Hosier's innovative approach to the problem of lawyers misconduct is in particular worth noting This aspect of her work has the potential to help alleviate a problem which has been extremely costly for both the legal profession and wider society alike Her doctoral research also provides a valuable insight into the impact of the Troika upon the regulation of the legal profession in so called bailed out countries Professor Pech concluded that the author should be congratulated for having made an exceptional contribution to the current debate on the regulation of the legal profession both nationally and internationally I have no doubt that her original and thought provoking work will be useful to policy

makers and scholars alike This book features Professor John Flood s new substantive introduction explaining the worldwide implications of professional reform efforts the financial crisis that precipitated them and the relation to regulation of the legal profession in other countries It also includes the author s notable examination of the effect of the Troika s bailout conditions on law reform possibilities in Ireland This part of the book was presented in the US at the 2013 annual conference of the Law and Society Association Finally the book adds a section on 2014 developments in reform efforts in Ireland A powerful new addition to the Dissertation Series from Quid Pro Books *New York Court of Appeals.
