**Tackle Citizenship Test** Jean Sebelist Hayworth, 2012-11-13 As a high school teacher of government and AP Us history I  
found it compelling to prepare my students to be an educated electorate In many cases students did not go on to college and  
this was the last opportunity I had as a teacher to inform them about the workings of the federal and state government As a  
high school teacher of government and AP Us history I found it compelling to prepare my students to be an educated  
electorate In many cases students did not go on to college and this was the last opportunity I had as a teacher to inform them  
about the workings of the federal and state government Several students were instrumental in creating an atmosphere of  
challenge and the desire to be more knowledgeable As a result I formulated a pretest that became the citizenship Test for my  
high school students in government Since it is required in most high schools across the nation other teachers might find this  
a good guidebook That citizenship test and the student responses are the basis for this book which I hope the readers will  
find enlightening and educational This is my attempt to educate the electorate about basic information that every citizen  
should know about their government and maybe encourage them to want to know more      *Civics Today; Citizenship,*
