Grade Civics End of Course EOC Exam preparation workbook **Teacher Credentials and Student Achievement in High School** Charles T. Clotfelter,Helen F. Ladd,Jacob L. Vigdor,2007 We use data on statewide end of course tests in North Carolina to examine the relationship between teacher credentials and student achievement at the high school level The availability of test scores in multiple subjects for each student permits us to estimate a model with student fixed effects which helps minimize any bias associated with the non random distribution of teachers and students among classrooms within schools We find compelling evidence that teacher credentials affect student achievement in systematic ways and that the magnitudes are large enough to be policy relevant As a result the uneven distribution of teacher credentials by race and socio economic status of high school students a pattern we also document contributes to achievement gaps in high school

Lowery,2013-06-01 And so my fellow Americans ask not what your country can do for you ask what you can do for your country Reading President John F Kennedy s behest today one wonders Just what can I do for my country One answer is Learn more about it It is often alleged that Americans today have little knowledge of their government Their education had not included a thorough study of Civics Civics A Preparation for Citizenship offers such a study a study of the text of Constitution followed by a discussion of how the Constitution has been interpreted But an American is also a resident in one of the fifty states and in some town or city therein Therefore what an American can do for the country relates also to this residency This being so to be informed must be to know about state and local governments and this is part of Civics A Preparation for Citizenship To be informed is however only part of what a Civics course is about It must emphasize the duties and responsibilities of citizenship choosing members of legislatures and executive officers and voting on ballot issues Such an emphasis is clearly evident on these pages *Civics in Practice* ,2007-02-28 Civics in Practice Gregory I.
